

FORK COMPRESSION

GOLD VALVE INSTALLATION

Valving Post Type vs. Valving Bolt Type

CAUTION: IF YOU ARE UNFAMILIAR WITH REBUILDING AND REVALVING FORKS, STOP!!! DO NOT PROCEED; SEEK OUT A QUALIFIED SUSPENSION TECHNICIAN.

DVS Setup Sheet - If you haven't already, go to DVS Valving Search, insert your Access Code, and rider data and print your DVS Setup Sheet.

There are two Types of Compression Base Assemblies:

1. **Valving Post Type** - Post comes in from the bottom

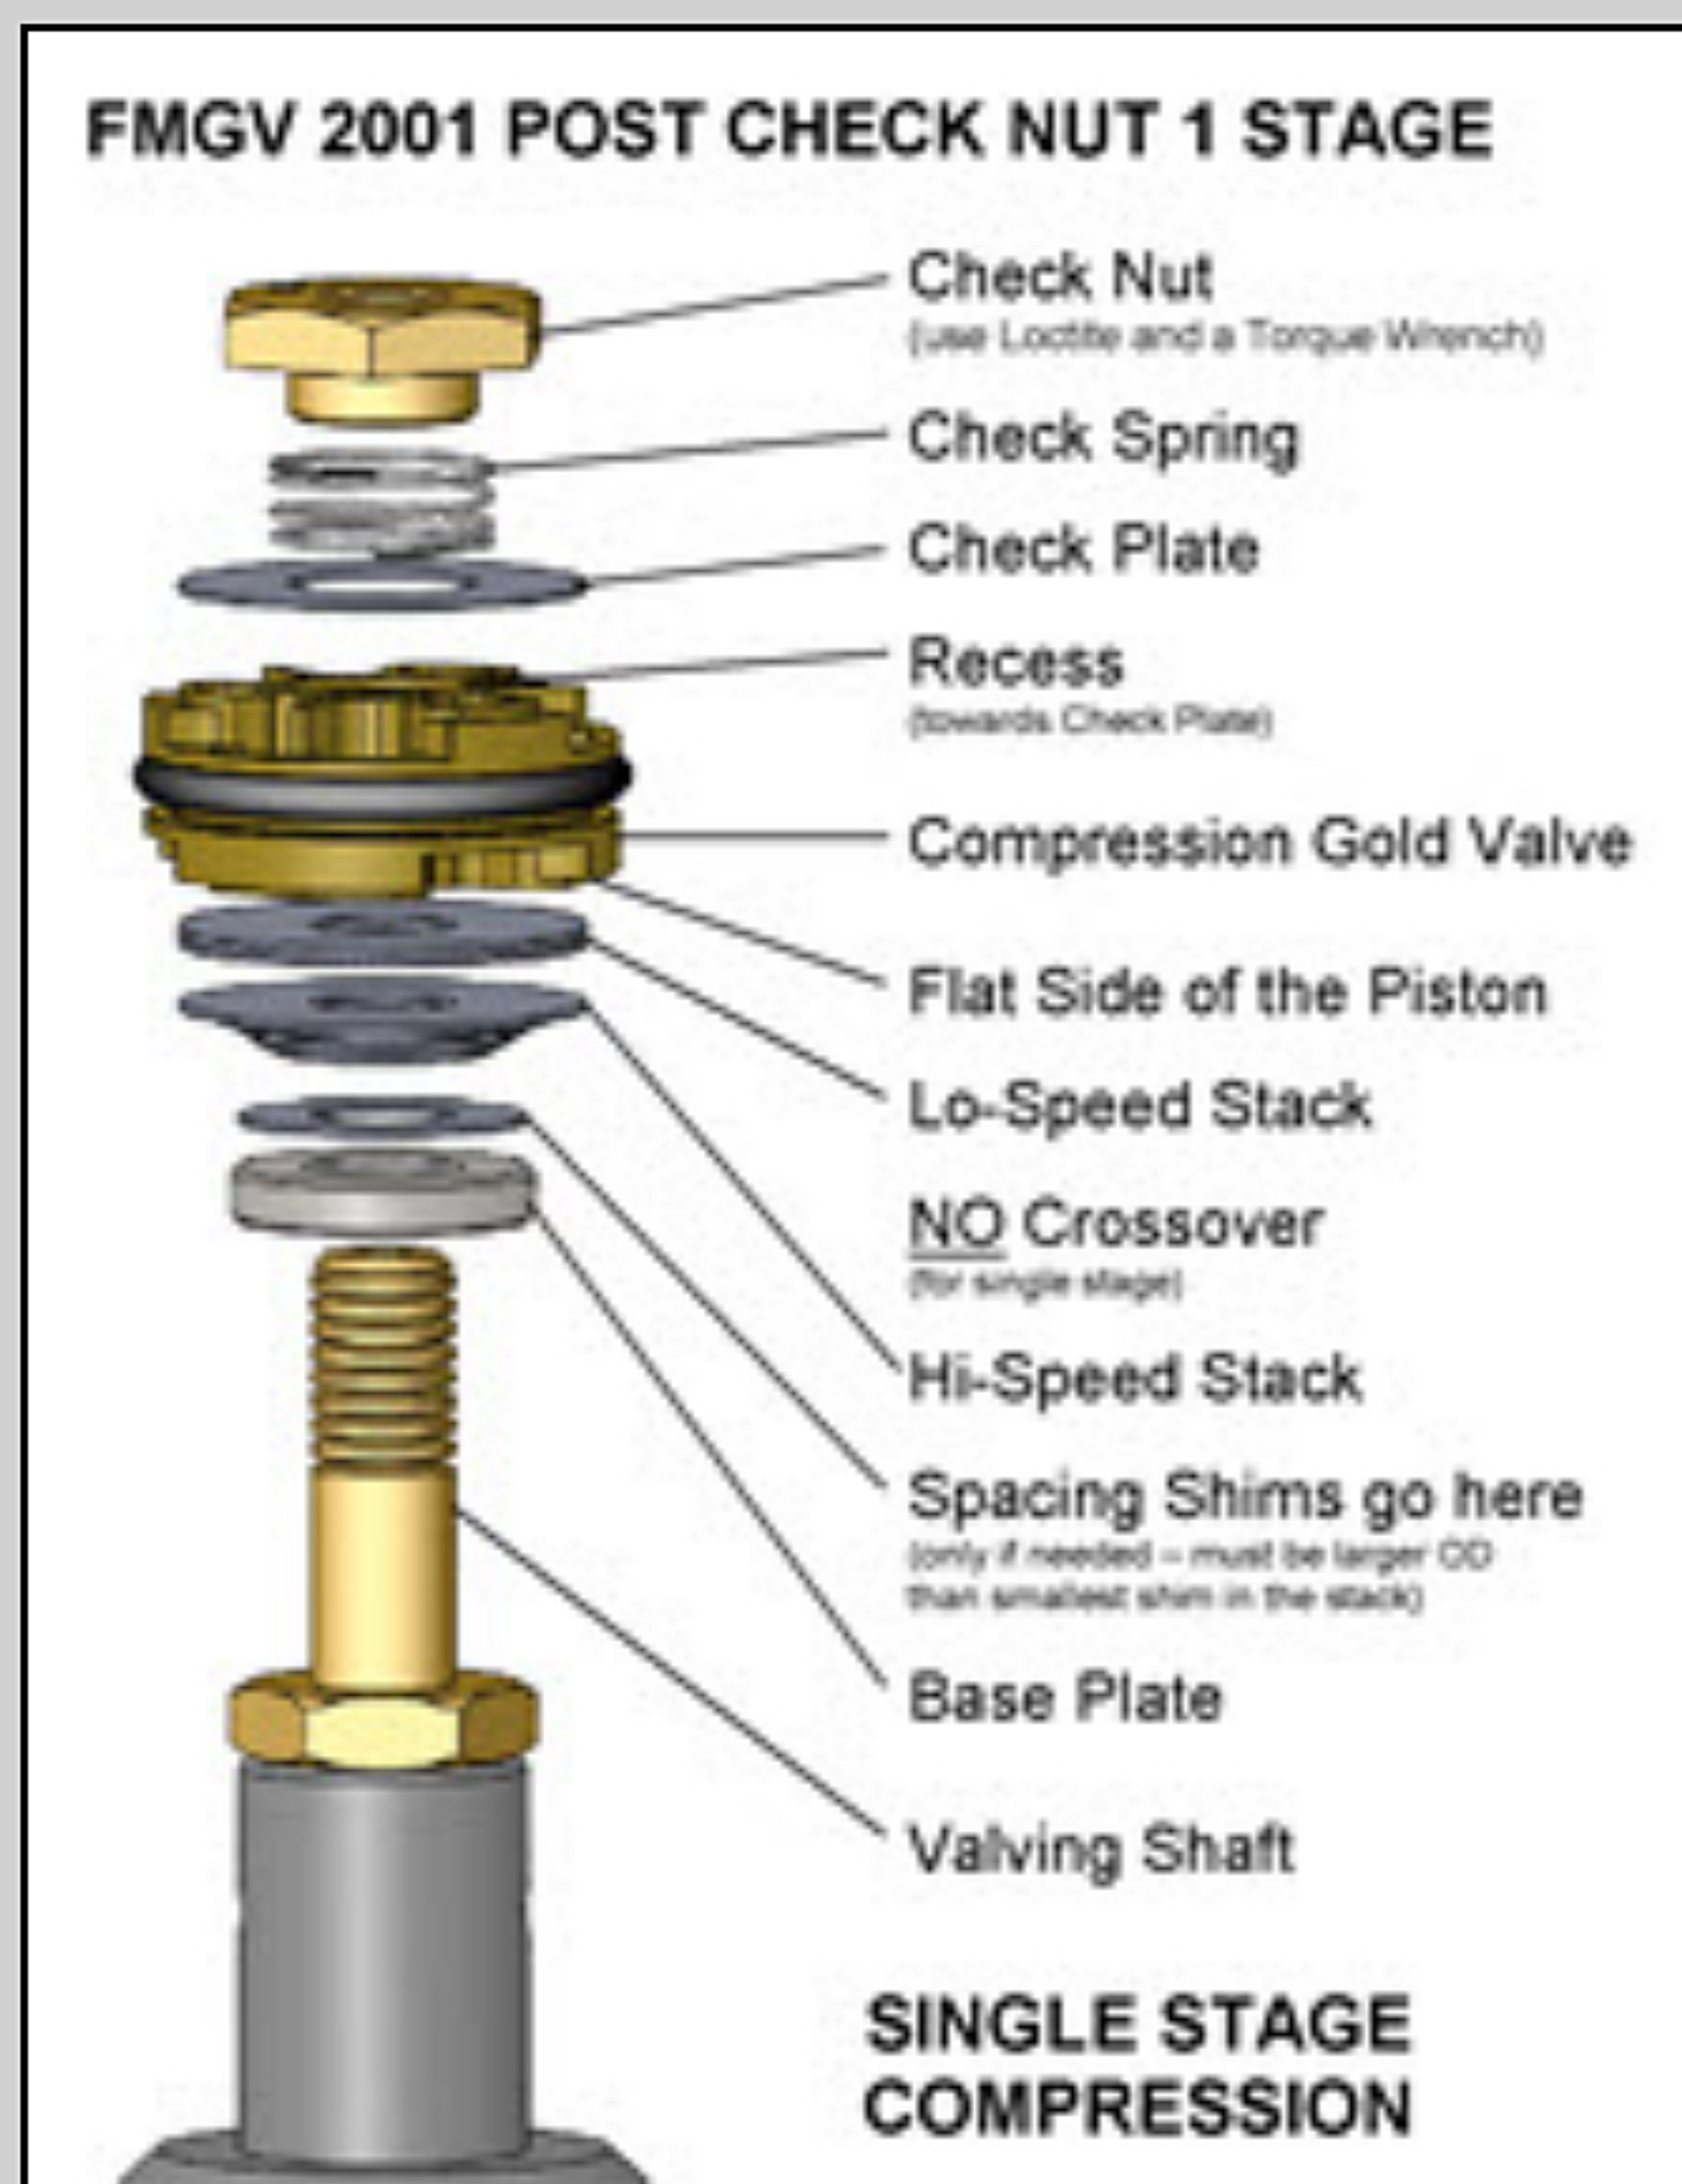

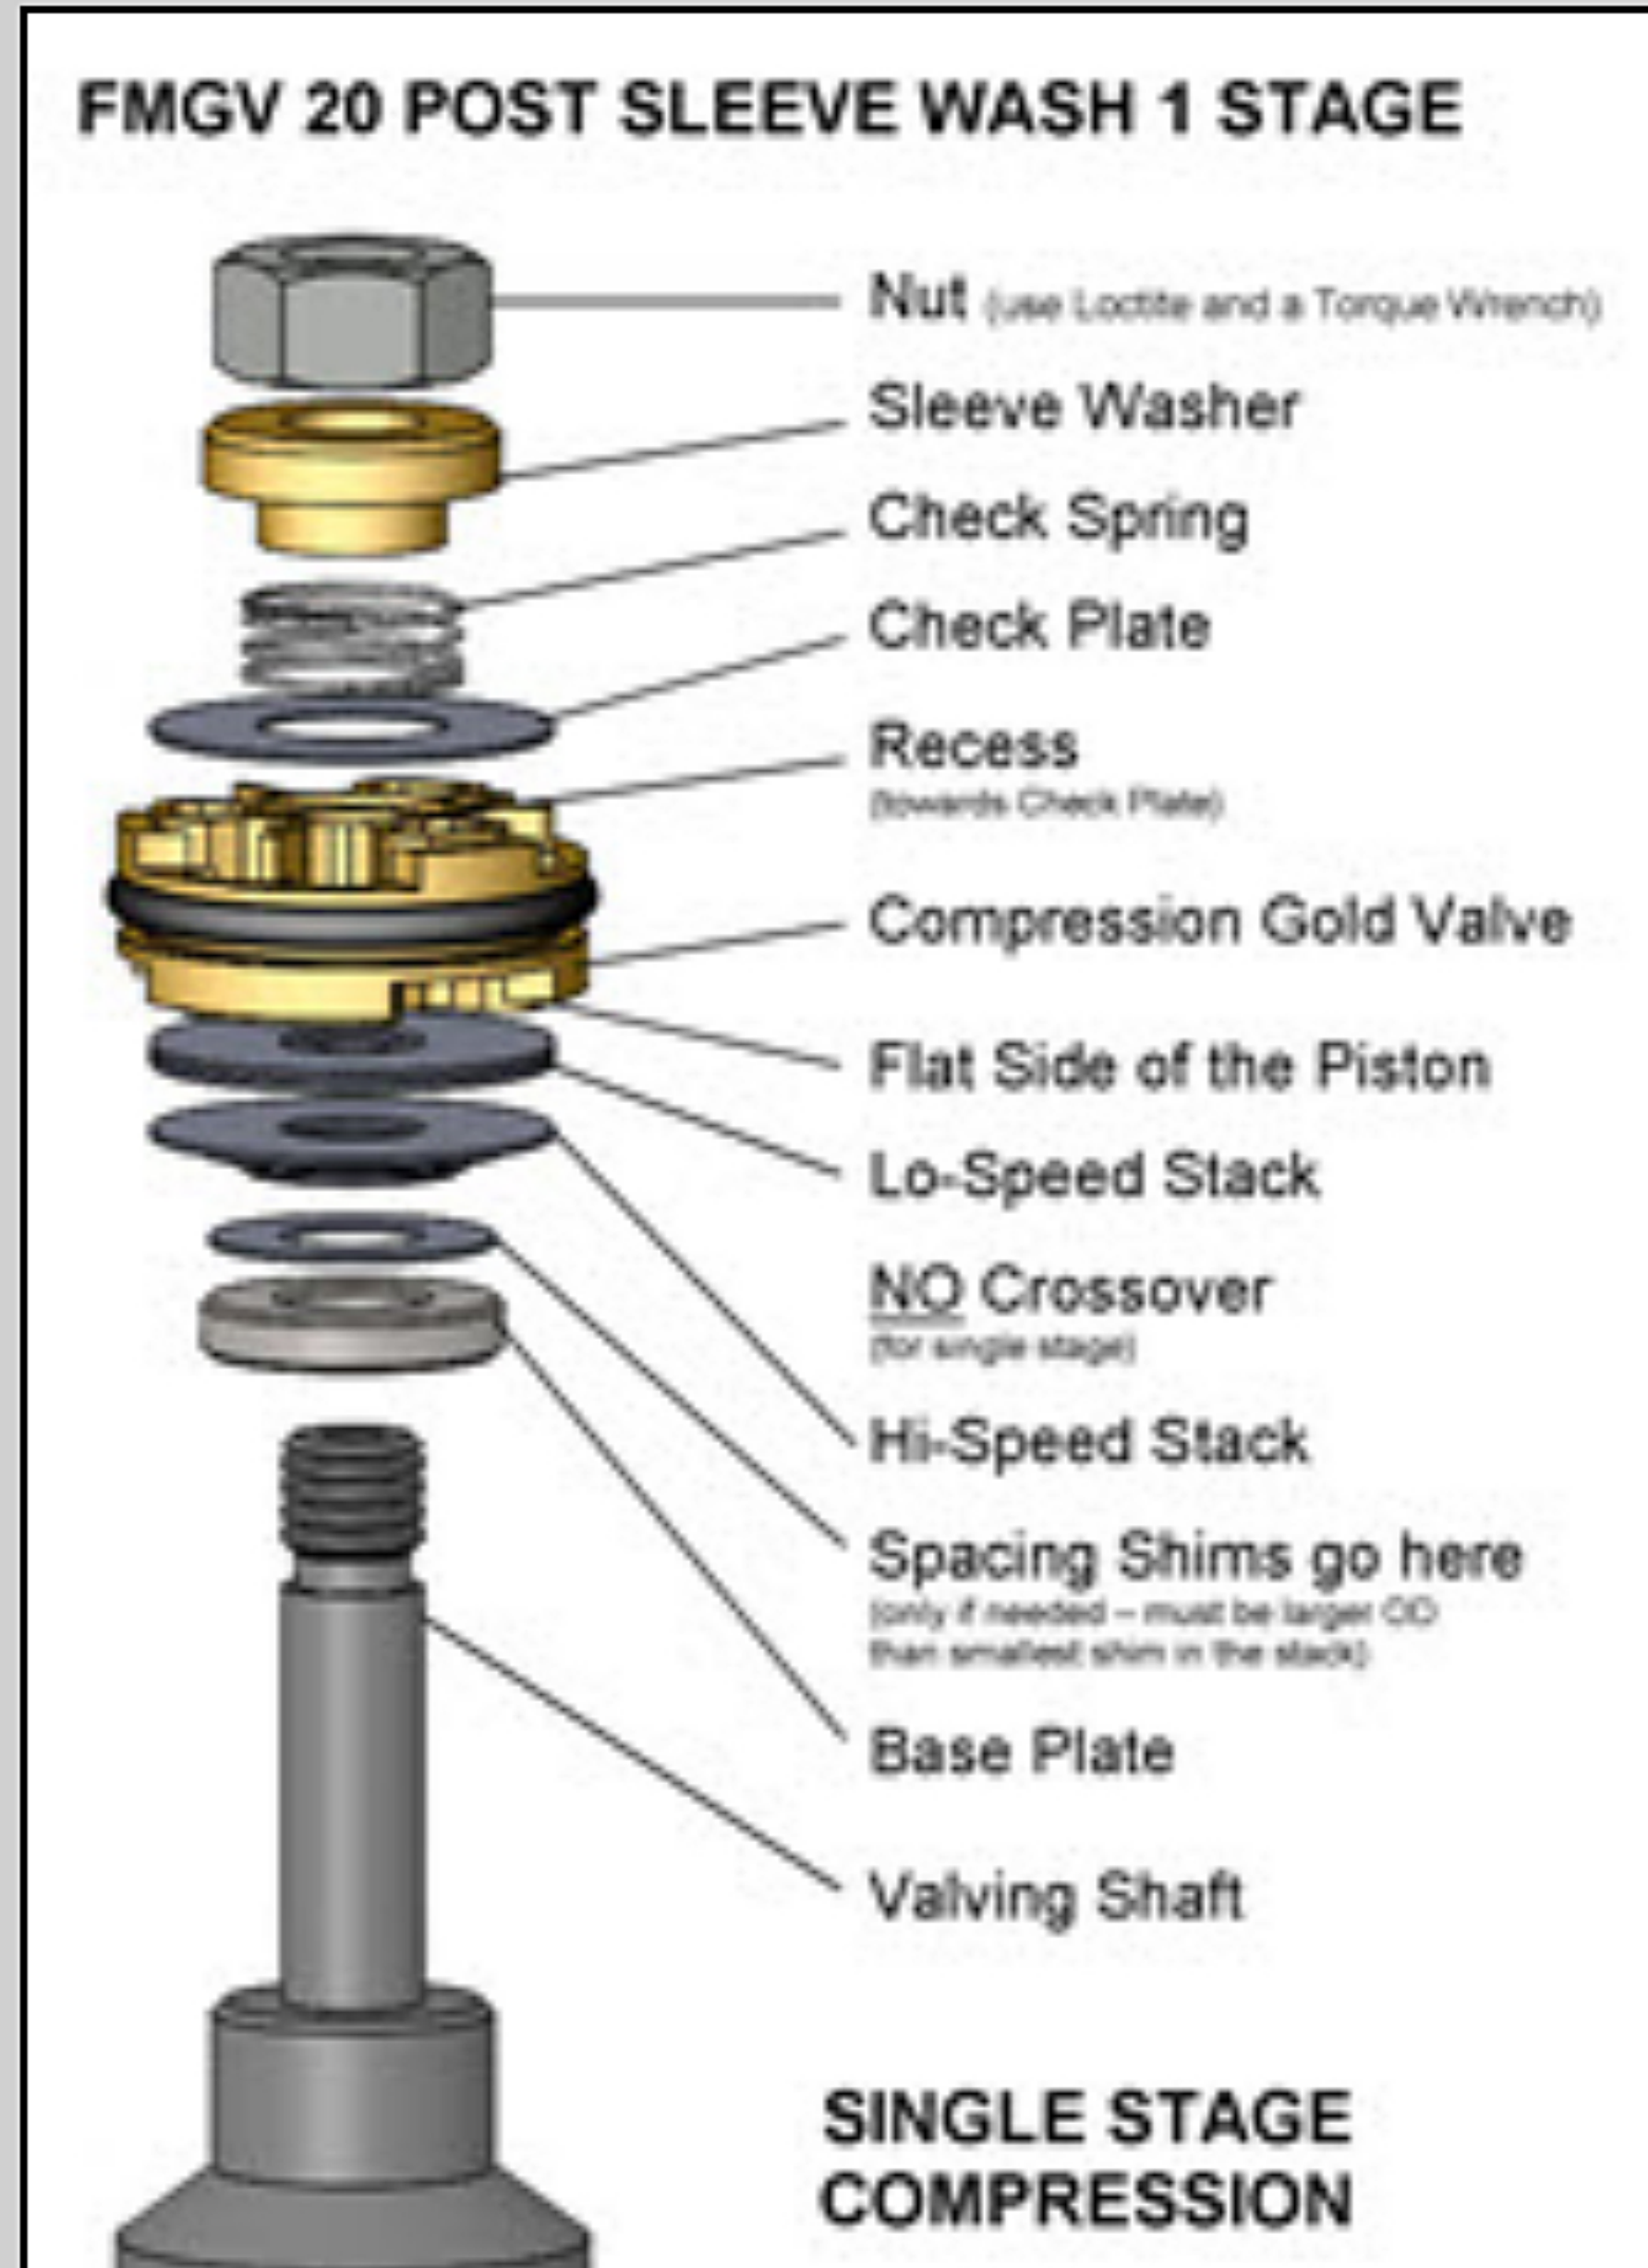

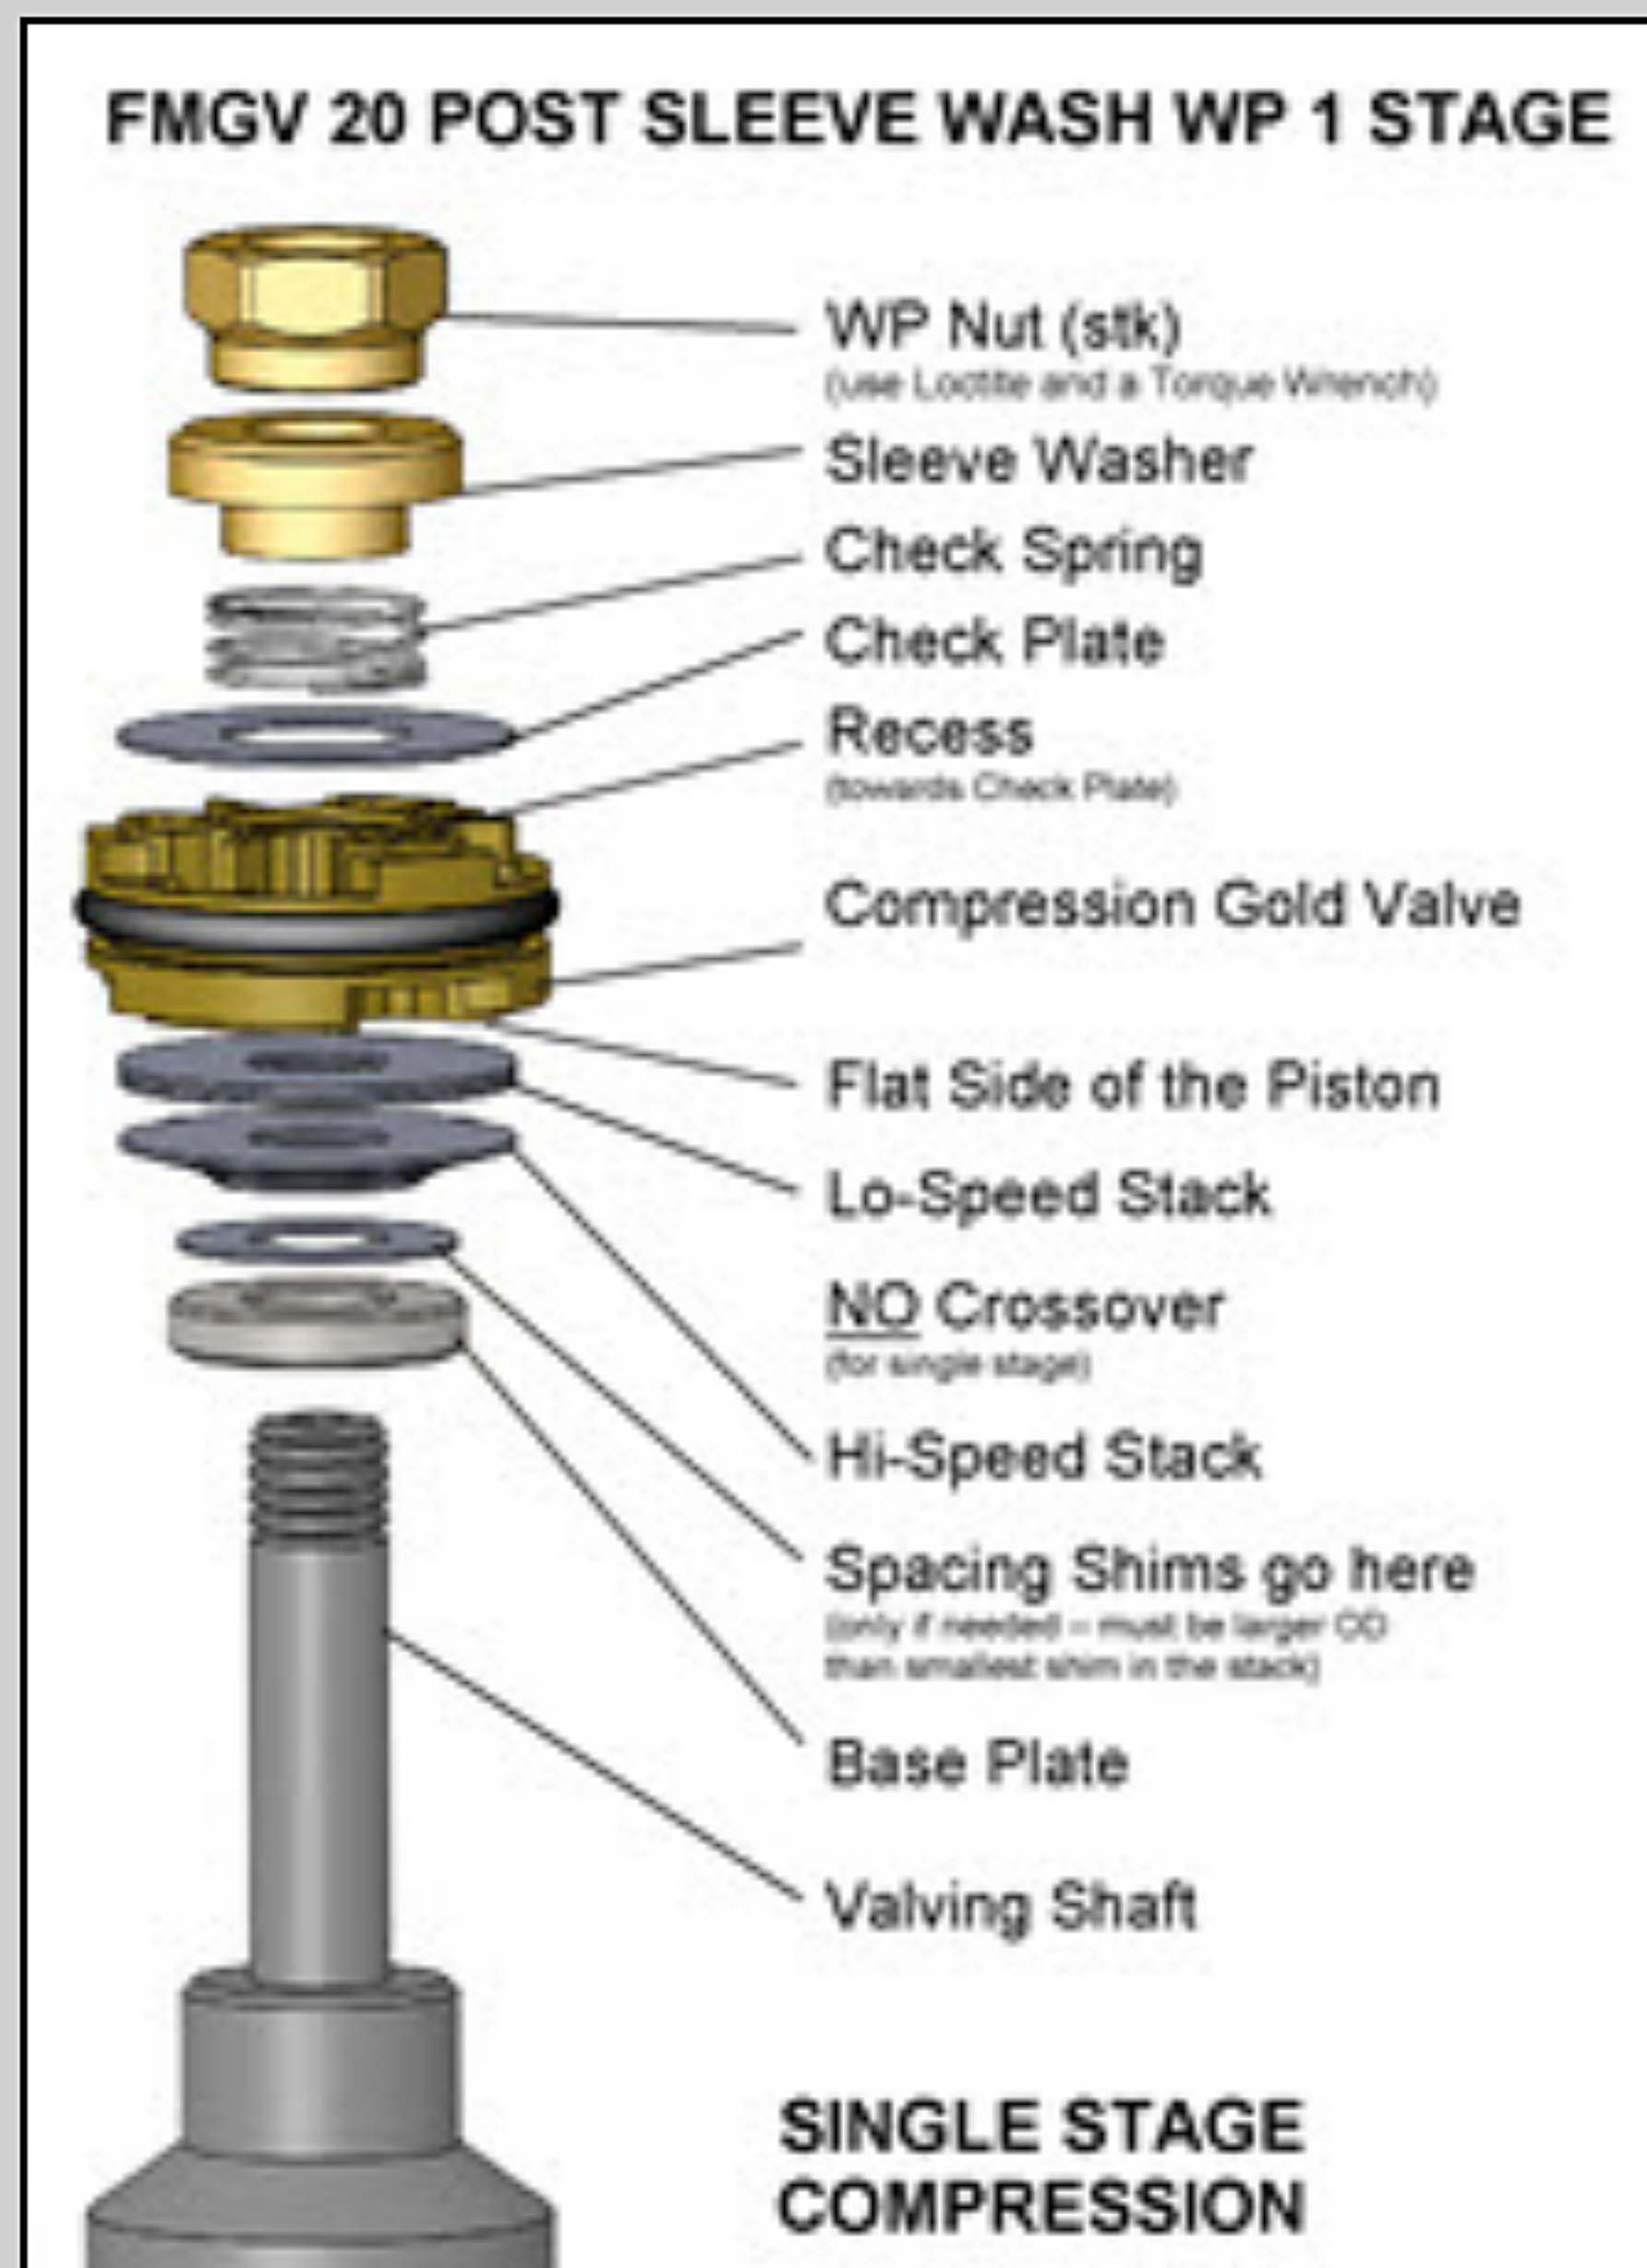

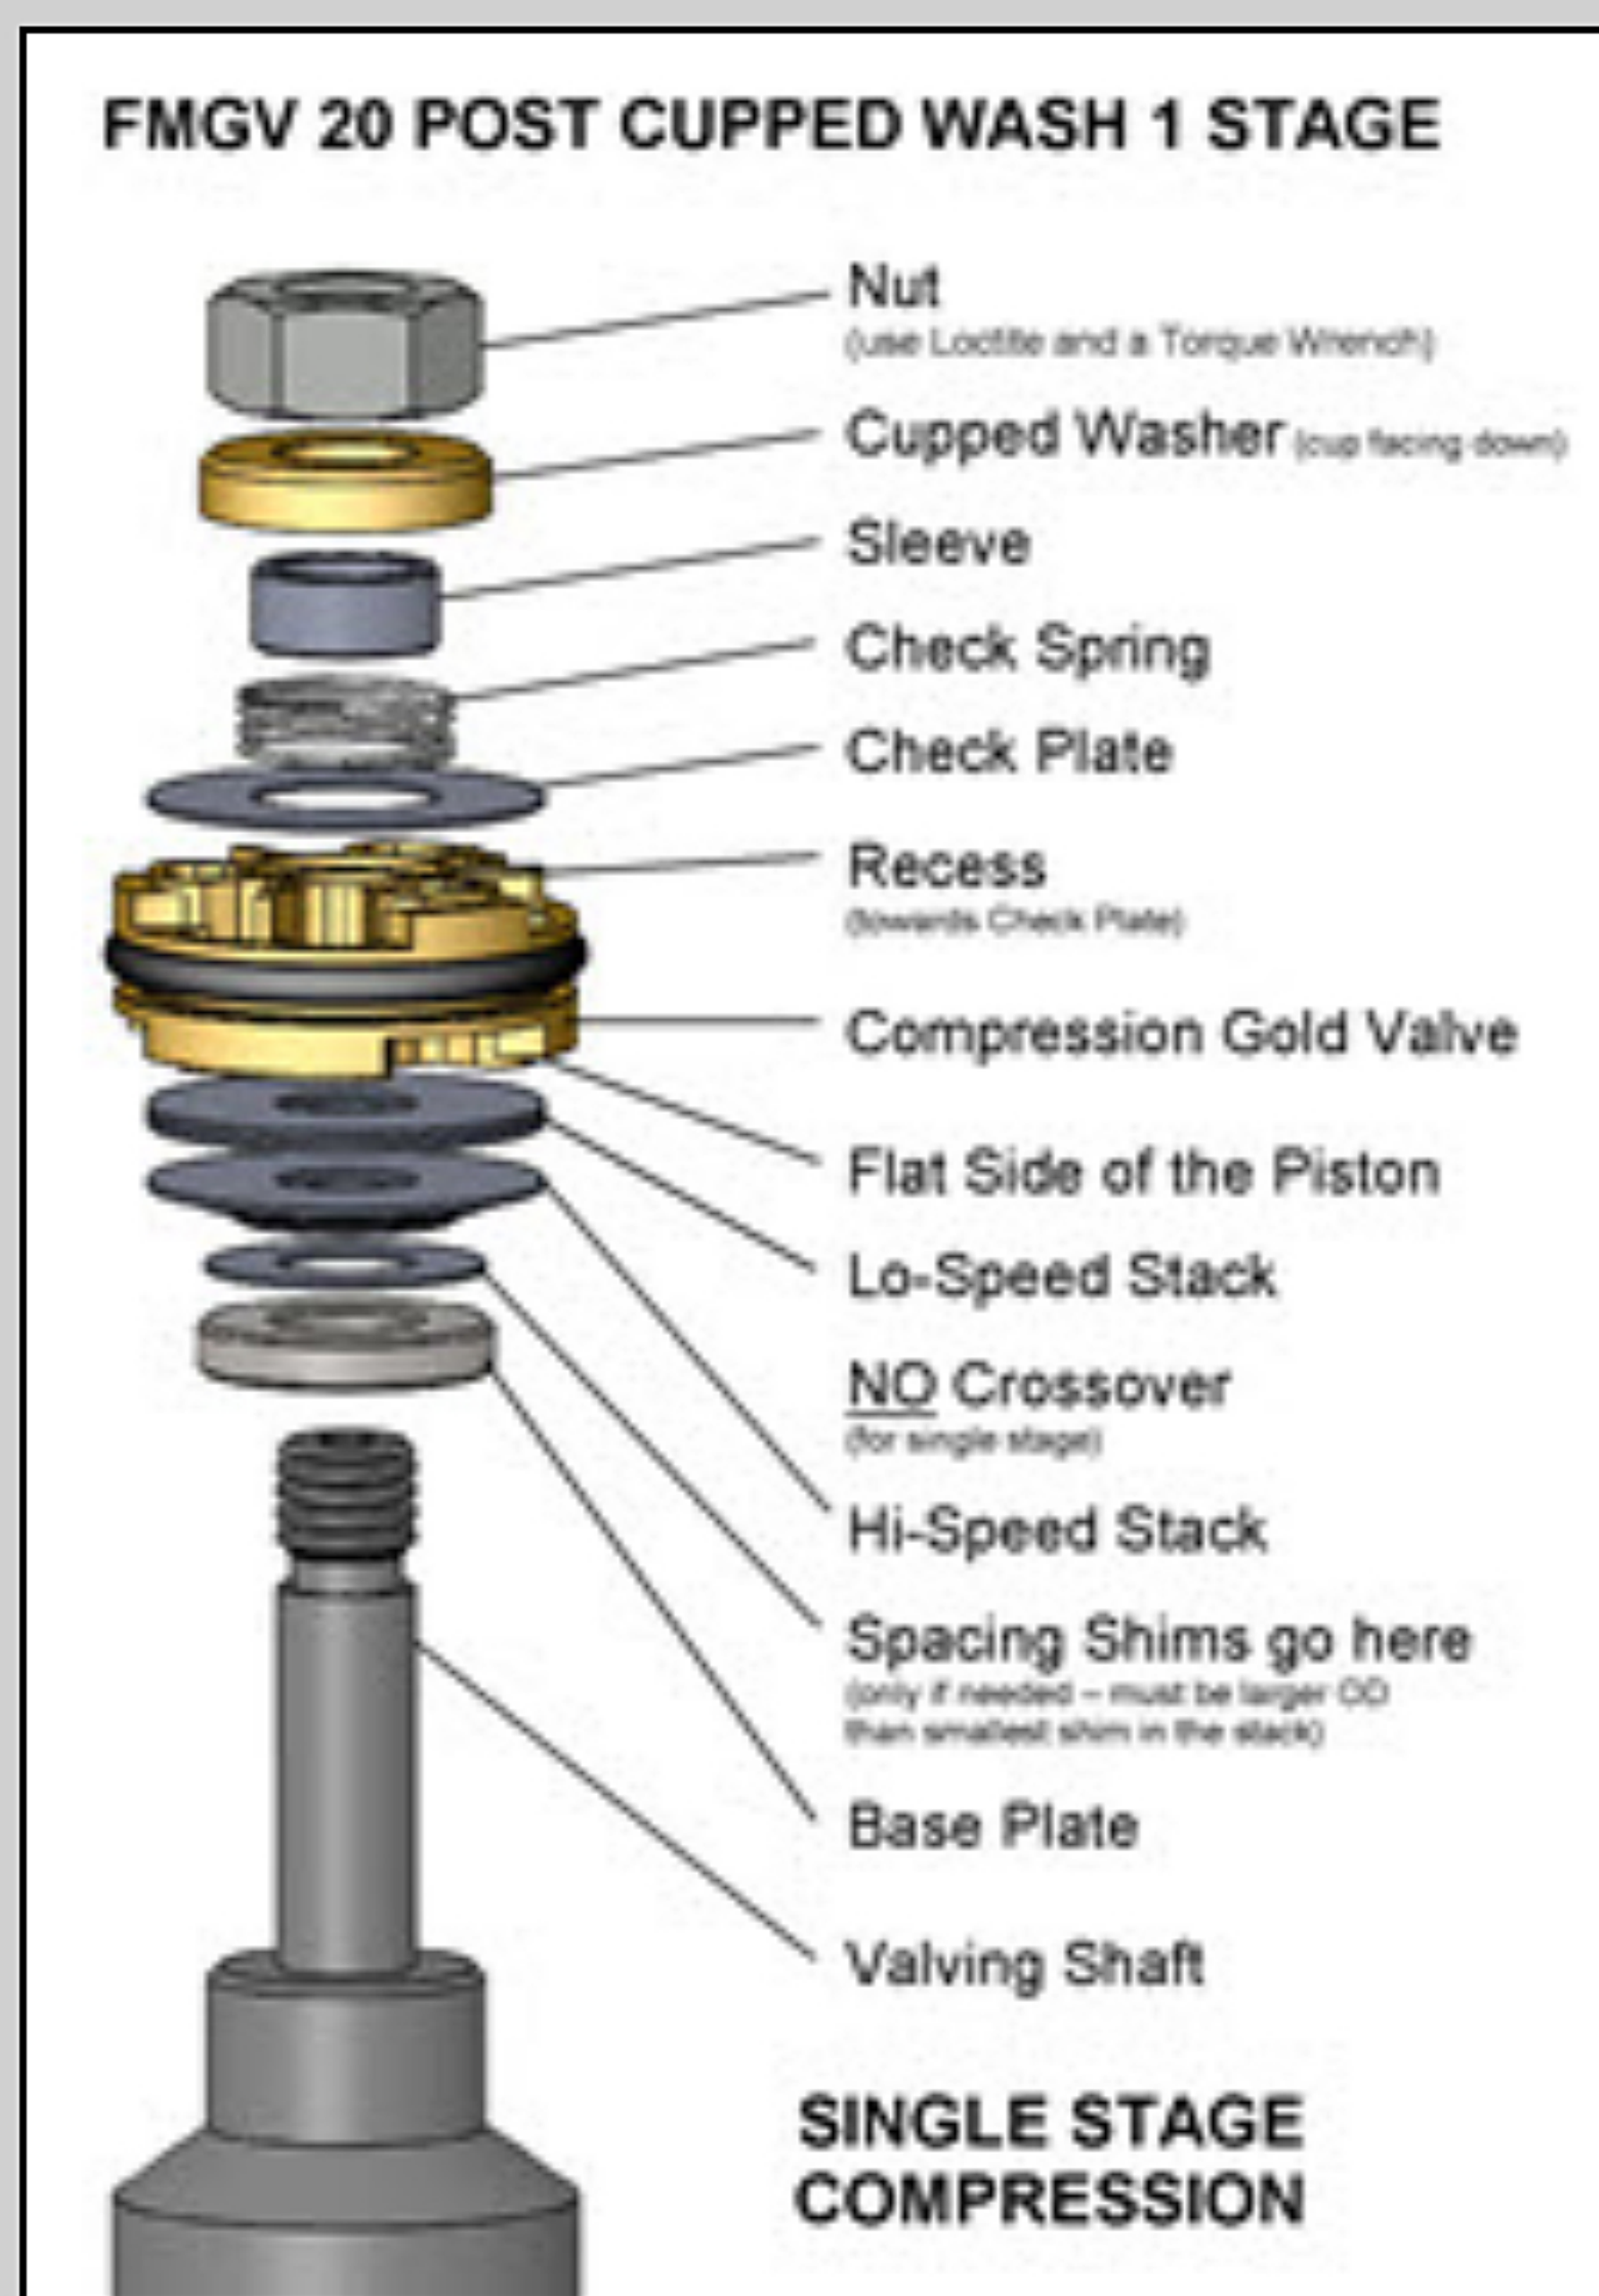

and

2. **Valving Bolt Type** - Bolt comes in from the top

Compare yours to the following illustrations and click to follow that link.
