FOR EVERY RIDER

RIDERS COME IN ALL SHAPES AND SIZES. SO SHOULD MOTORCYCLE SEATS. FROM LONG-DISTANCE TOURERS TO CASUAL CRUISERS, MUSTANG'S INDUSTRY-LEADING SELECTION OFFERS SOLUTIONS FOR EVERY RIDER. WHETHER YOU'RE AFTER CUSTOM STYLING, IMPROVED COMFORT, BACK SUPPORT AND ERGONOMICS, OR SOLO AND 2-UP VERSATILITY, WE HAVE THE SEAT YOU'RE LOOKING FOR. THE FOLLOWING GUIDE WILL HELP PINPOINT THE RIGHT ONE FOR YOU.

Handcrafted in America

10

ULTIMATE
COMFORT

LONG HAULIN'

MAX PROFILE

7-10 COMFORT BAROMETER

The comfort that put Mustang on the map! Seats that improve your riding posture and showcase the maximum amount of foam cushioning possible. Our Max Profile seats keep riders relaxed in the saddle mile after mile, after mile!

5

REALLY
COMFORTABLE

CASUAL CRUISIN'

MID PROFILE

4-6 COMFORT BAROMETER

Don't be "that rider" who slows down the pack to give the glutes a break every 100 miles. Mid Profile seats offer a significant upgrade in style compared to stock, and also provide enough comfort so you can keep up with your day-trippin' crew.

1

COMFORTABLE

JOY RIDIN'

LOW PROFILE

1-3 COMFORT BAROMETER

These "head turners" are bred for looks first, with comfort a close second. Expect improved comfort over other seats in this class, plus a streamlined look, all wrapped into a beautifully stylish seat that's guaranteed to get your ride noticed.

REDUCED REACH

GENERALLY 30" INSEAM & UNDER

Places the rider further forward, resulting in an easier reach to the handlebars and foot controls for improved comfort, confidence, and control.

“INSEAM CHALLENGED”

STANDARD REACH

GENERALLY 31"–32" INSEAM

Ideal for riders who are comfortable with the stock positioning of the seat, handlebars and foot controls, but simply want to improve seating comfort.

“AVERAGE JOE”

EXTENDED REACH

GENERALLY 33" INSEAM & ABOVE

Allows riders to stretch those long limbs, sitting further back for a less cramped, more comfortable cruising position.

“STRETCH ARMSTRONGS”

One size doesn't fit all...

At Mustang, we aim to provide the data you need to select the right seat not just for your motorcycle, but also for you. For many models, we offer seats with a variety of seating heights and positions that sit the rider at different distances from the tank than standard.

As a very general rule, riders with longer legs should choose an extended-reach seat, and riders with shorter legs should choose a reduced-reach or low seat, when available.

We want to be as accurate as possible, but there are many data points we simply can't predict, such as:

- Certain models use seats with different heights for different model years
- Some models are sold with seats that do not position riders the same as a more typical seat for that model
- Older OEM seats tend to be lower than newer ones, even with the same design, as the OEM seat foam will compress over time
- You might tend to ride with a different posture or style than other riders, and your unique anatomy may differ from the typical rider, so your perception may not match those of other riders

MAX PROFILE

IF IT'S LONG-HAUL COMFORT YOU SEEK, YOU'RE IN THE RIGHT PLACE. MAX PROFILE SEATS ARE MADE FOR TRUE ROAD WARRIORS. THE ONES WHO FEAST ON A STEADY DIET OF MILE MARKERS AND DON'T HAVE TIME TO RECOVER FROM "MONKEY BUTT" AFTER A LONG DAY'S RIDE. WHETHER YOU'RE INSEAM CHALLENGED, AN AVERAGE JOE, OR STRETCH ARMSTRONG, OUR MAX PROFILE SEAT OPTIONS OFFER PERFECT POSTURE, BETTER BACK SUPPORT, AND COMMANDING COMFORT. MILE AFTER MILE, AFTER MILE!

LowDown Touring

AVAILABLE WITH OR WITHOUT DRIVER BACKREST

Intended for shorter riders to sit lower without compromising long-distance comfort. Angled for optimal touring posture, lower than the stock position on most models, and cut narrow at the nose so you can plant feet firmly on the ground. Available for 1997-up FL Touring.

COMFORT BAROMETER **EXTREMELY COMFORTABLE** 7

BEST FOR **REDUCED REACH** 

Sport Touring

AVAILABLE WITH OR WITHOUT DRIVER BACKREST

Offers rider and passenger the all-day comfort of a touring seat, but is slightly less rounded on the sides for a sportier look. Seat nose is narrower than stock so riders can plant feet firmly on the ground. Great option for tall or average riders.

COMFORT BAROMETER **EXTREMELY COMFORTABLE** 7

BEST FOR **STANDARD REACH** 

Standard Touring

AVAILABLE WITH OR WITHOUT DRIVER BACKREST

Best for average-sized riders who are comfortable with stock positioning and simply want to increase comfort. Contoured bucket for good lower back support, cut narrow at the nose so riders can plant feet firmly on the ground.

COMFORT BAROMETER **EXTREMELY COMFORTABLE** 8

BEST FOR **STANDARD REACH** 1

Standard Touring Forward

AVAILABLE WITH OR WITHOUT DRIVER BACKREST

Positions riders at least 1" forward compared to typical touring seats, but not lower. Contoured bucket for good lower back support, cut narrow at the nose so riders can plant feet firmly on the ground. Available for H-D® Freewheeler.

COMFORT BAROMETER **EXTREMELY COMFORTABLE** 8

BEST FOR **REDUCED REACH** 1

Wide Touring

AVAILABLE WITH OR WITHOUT DRIVER BACKREST

Sits the rider in a similar position compared to stock, but provides extra width in the hip area for all-day comfort. Deep pocketed for good lower back support, slightly narrower at the nose to make stop-and-go riding a little easier.

COMFORT BAROMETER **ULTIMATE COMFORT** 9

BEST FOR **STANDARD REACH** 1

Super Touring

AVAILABLE WITH OR WITHOUT DRIVER BACKREST

Ideal for taller riders. Positions the rider at least 1" further back compared to most touring seats. Extra width in the hips, deeply pocketed for good lower back support, and slightly narrower at the nose to make stop-and-go riding easier. Available for Early & Late Touring.

COMFORT BAROMETER **ULTIMATE COMFORT** 10

BEST FOR **EXTENDED REACH** 1

MID PROFILE

ANYONE WHO'S EVER SAID "YOU CAN'T HAVE YOUR CAKE AND EAT IT TOO" HAS OBVIOUSLY NEVER RESTED THEIR DERRIERE ON A MUSTANG MID PROFILE SEAT. NOT ONLY WILL YOU GET A SIGNIFICANT UPGRADE IN STYLE COMPARED TO STOCK, YOU'LL ALSO FEEL THE DIFFERENCE IN IMPROVED COMFORT WHERE, AND WHEN, IT MATTERS MOST. THESE SEATS ARE IDEAL FOR RIDERS WHO WANT THE BEST OF BOTH WORLDS—LOOKS THAT KILL AND COMFORT THAT KEEPS YOU CRUISIN' ALONG WITH YOUR DAY-TRIPPIN' CREW.

Low Tripper

Ideal for shorter riders who want to sit lower than stock without moving forward or back (3/4" lower than Tripper Solo). Available for H-D® Sportster Models.

COMFORT BAROMETER **QUITE COMFORTABLE** 4

BEST FOR **REDUCED REACH** 

Tripper

Lowers the rider while maintaining a similar distance from the controls compared to stock. Optional passenger seat sold separately.

COMFORT BAROMETER **REALLY COMFORTABLE** 5

BEST FOR **STANDARD REACH** 

DayTripper

Sits rider and passenger lower without compromising comfort. Riders can be positioned slightly further back, but not a typical extended-reach seat. The smooth design flows with the fender for a streamlined look.

COMFORT BAROMETER **REALLY COMFORTABLE** 5

BEST FOR **STANDARD REACH** 

Tripper Fastback

Similar to the DayTripper, but the rounded back delivers an even more streamlined look. Riders get more support and can get back slightly from standard position, while the passenger seat is still suitable for 2-up joy rides.

COMFORT BAROMETER **REALLY COMFORTABLE** 5

BEST FOR **STANDARD REACH** 

Wide Tripper

AVAILABLE WITH OR WITHOUT DRIVER BACKREST

Sits the rider lower than stock and features extra width in the hip area for increased comfort. Available as a sleek solo setup, with optional passenger seat sold separately for 2-up cruising.

COMFORT BAROMETER **REALLY COMFORTABLE** 6

BEST FOR **STANDARD REACH**

Wide Tripper Forward

AVAILABLE WITH OR WITHOUT DRIVER BACKREST

Places the rider approximately 1.5" forward from the stock position, sits the rider lower, and features extra width in the hip area for added comfort.

COMFORT BAROMETER **REALLY COMFORTABLE** 6

BEST FOR **REDUCED REACH**

Fastback

Cut low for the rider with a raised tail section to offer excellent lower back support. Positions the rider slightly further back with a seat height that's similar to stock. Tapered passenger area is suitable for 2-up joy rides.

COMFORT BAROMETER **REALLY COMFORTABLE** 6

BEST FOR **STANDARD REACH**

Hightail Fastback

Sits the rider further back and lower than the original Fastback and is cut low with an extended tail section for supreme lower back support. The rounded and tapered rear is suitable for 2-up joy rides.

COMFORT BAROMETER **REALLY COMFORTABLE** 6

BEST FOR **EXTENDED REACH**

Super Tripper

Places the rider lower and further back without sacrificing comfort. This stylish option is ideal for taller riders looking for added leg room and a slightly lower seating position. Available for H-D® Models.

COMFORT BAROMETER **REALLY COMFORTABLE** 6

BEST FOR **EXTENDED REACH**

Squareback

Provides great lower back support for the rider in a seating position similar to stock. The squared-off rear seat is great for passenger comfort and also offers a level surface for supporting luggage.

COMFORT BAROMETER **REALLY COMFORTABLE** 6

BEST FOR **STANDARD REACH**

LOW PROFILE

JUST BECAUSE THESE HEAD-TURNERS ARE CLASSIFIED AS "LOW PROFILE," DON'T GET FOOLED INTO THINKING WE LEFT COMFORT COMPLETELY BY THE WAYSIDE. THESE KNOCKOUTS ARE GUARANTEED TO GET NOTICED WHILE STILL OFFERING AN IMPROVED OVERALL RIDE COMPARED TO STOCK. LEAN PROFILES, STREAMLINED CONTOURS, PLUS A WIDE VARIETY OF STITCH PATTERNS, COLORS, AND CUSTOMIZATION CAPABILITIES GUARANTEES YOUR NEXT INSTAGRAM PIC WILL GET ITS FAIR SHARE OF #THATSEATTHO REPOSTS.

RunAround

This is the lowest and leanest seat offered from Mustang. Drops the rider down significantly and delivers a streamlined look for your ride.

COMFORT BAROMETER **COMFORTABLE** 2

BEST FOR **REDUCED REACH** 

Cafe

This lower and sleeker version of the Fastback is a true café racer-inspired solo styled for a simple yet striking appearance with good lower back support. Available for H-D® Sportster.

COMFORT BAROMETER **QUITE COMFORTABLE** 3

BEST FOR **STANDARD REACH** 

Classic

Available for Triumph T100 spec only. Designed to keep Triumph's period-correct styling in-tact, incorporating modern materials for added comfort. Available for Triumph.

COMFORT BAROMETER **QUITE COMFORTABLE** 3

BEST FOR **STANDARD REACH** 

Spring

Ideal for minimalist riders seeking retro looks combined with the top-of-the-line materials to give your ride that classic vibe only a spring solo seat can deliver.

COMFORT BAROMETER **COMFORTABLE** 1

BEST FOR **STANDARD REACH** 

Revere Journey

Available in a variety of custom stitch patterns, the Journey sits riders lower than stock at a similar reach with a slightly raised tail section to eliminate sliding back. Two-up versions have a tapered passenger area for joy-riding. Available for H-D® Models.

COMFORT BAROMETER **QUITE COMFORTABLE** 3

BEST FOR **STANDARD REACH**

Revere Runner Vent

Flaked-out vinyl inlays combined with a super low profile drops the rider down significantly compared to stock while delivering a true custom appearance. Available for H-D® Models.

COMFORT BAROMETER **COMFORTABLE** 2

BEST FOR **REDUCED REACH**

Signature Series by Dave Perewitz

Legendary designs from renowned bike builder Dave Perewitz combined with legendary Mustang comfort. Sits the rider lower and slightly further back from stock, with detailed stitch work for unmistakable style. Available for H-D® Touring & Softail Models.

COMFORT BAROMETER **QUITE COMFORTABLE** 3

BEST FOR **EXTENDED REACH**

Signature Series by Jody Perewitz

Designed for speed and style by one of the fastest ladies on the planet, land-speed record holder Jody Perewitz. Sits the rider lower and provides a streamlined look for your ride. Available for H-D® Dyna & FXR Models.

COMFORT BAROMETER **COMFORTABLE** 1

BEST FOR **STANDARD REACH**

Signature Series by John Shope

The "Dirty Bird" put his own custom twist on these seats designed for Indian. Cut low for good lower back support, with a narrower nose to help firmly plant your feet on the street in stop-and-go riding. Available for Indian® Models.

COMFORT BAROMETER **QUITE COMFORTABLE** 3

BEST FOR **STANDARD REACH**

Signature Series by Fred Kodlin

If Fred Kodlin puts his name on something, it's guaranteed to perform. These signature seats blend high-quality materials with a low, lean profile that sits riders comfortably lower than stock and allows slightly further back positioning.

COMFORT BAROMETER **QUITE COMFORTABLE** 3

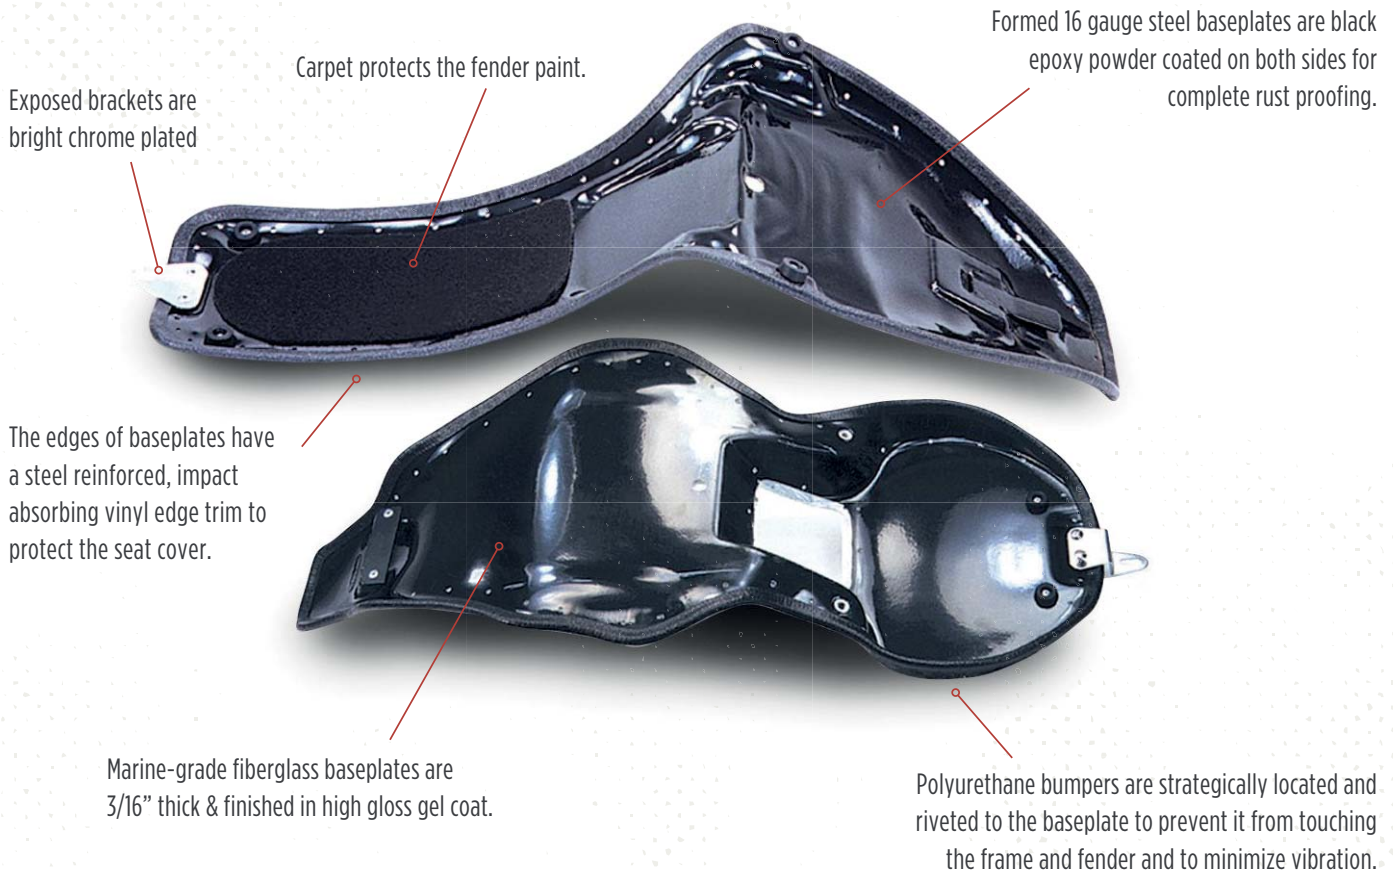

BEST FOR **STANDARD REACH**

WHY MUSTANG SEATS ARE SO COMFORTABLE

YOU SHOULD ALWAYS ENJOY YOUR RIDE – WHETHER FIVE OR FIVE HUNDRED MILES. MUSTANG SEATS ARE METICULOUSLY DESIGNED SO THAT THE BASEPLATE, FOAM AND COVER COMPONENTS COMBINE TO MAKE THE FINEST, MOST COMFORTABLE SEAT POSSIBLE.

Baseplates

THE FOUNDATION OF COMFORT. MUSTANG SEATS ARE BUILT ON 16-GAUGE STEEL OR MARINE-GRADE FIBERGLASS BASEPLATES—NEVER PLASTIC—FOR LONG-TERM DURABILITY AND SUPPORT.

Foam

THE HEART OF A MUSTANG SEAT. OUR PROPRIETARY FORMULA, COMBINED WITH DECADES OF DESIGN EXPERIENCE, MEANS NO BREAK-IN, NO SAGGING, AND THE BEST COMFORT AVAILABLE FOR BOTH RIDER AND PASSENGER.

Controlled density polyurethane foam provides all-day comfort. Mustang seats are known for retaining their shape and support after years of use.

The exact shape, angle and density of each seat foam is formulated and cast to be soft enough for comfort and resilient enough to stand up to those “thousand mile” days.

Cover

BEAUTY IS ONLY SKIN DEEP BUT THE SKIN IS WHAT SHOWS. PRECISION-CUT, HAND-STITCHED SEAT COVERS MADE FROM THE FINEST MATERIALS CAN'T BE MASS-PRODUCED—ONLY AN EXPERIENCED STITCHER CAN MAKE A MUSTANG A MUSTANG.

Covers are made of the highest quality expanded vinyl available. They have the appearance of leather but the durability and resistance to the elements that exceed original equipment standards for motorcycle seats. All seams are sewn twice for strength. The bottom edge that holds the cover to the baseplate is hemmed where the rivets hold the cover to the baseplate.

The edges of our seat skirts are finished with braid. Decorative studs are chrome-plated brass, not steel, so they will never rust. Conchos are made of a custom heavy die-cast zinc and are hand tied with genuine leather straps that are vat dyed so the color goes all the way through. Regal styles are tufted with covered buttons which are double tied with four cords, not just two.

DESIGNED BY
DAVE PEREWITZ
Built By Mustang

One of the America's original custom builders, Dave is proud of his New England roots. Perewitz Cycle Fab, located in Bridgewater, Massachusetts, is just an hour from Mustang in Three Rivers, Massachusetts. A legend was born when Dave Perewitz built his first bike in 1973. Since then, his artistry & skills have garnered a worldwide reputation in building custom-designed bikes, leading the pack with iconic style, legendary master craftsmanship and a deep-seated passion for his work.

AVAILABLE FOR FL TOURING & SOFTIAL

DESIGNED BY
JODY PEREWITZ
Built By Mustang

Jody Perewitz has consistently broken records and opened doors for women riders. In 2011, she was the first woman to ride an American V-Twin over 200 mph. In 2016, she averaged 206 mph at Bonneville, establishing herself as the fastest woman on an American motorcycle. She also designs and applies her own custom-mixed paint schemes at Perewitz Cycle Fab. Now she's teaming up with Mustang to incorporate her passion for two wheels into Signature Series seats for FXR and Dyna models.

AVAILABLE FOR DYNA & FXR

DESIGNED BY
JOHN SHOPE
Built By Mustang

John Shope of Dirty Bird Concepts takes a vision and pushes it beyond conventional boundaries. The renegade “Risk Taker” is a veritable mastermind of unadulterated concepts capable of taking any ride to another level. Now the Dirty Bird is teaming up with Mustang Seats to develop the new Shope Signature Series designed exclusively for Indian Motorcycle. Two brands founded on purpose-built products, delivering the ultimate fusion of custom design and quality craftsmanship.

AVAILABLE FOR INDIAN®

DESIGNED BY
FRED KODLIN
Built By Mustang

Fred and Len Kodlin, Europe’s most famous father-son custom bike duo, have combined their design vision with the handcraftsmanship of Mustang. One thing’s for sure: if the Kodlin stamp of approval is on something, it’s guaranteed to perform and turn heads. Fred Kodlin Signature Series seats for Dyna, Sportster, FL, and Softail Breakout feature inlays that incorporate high-end materials for a luxurious texture, stunning appearance, and ultra durability.

**AVAILABLE FOR FL TOURING, SOFTAIL,

LOWDOWN™ TOURING 7

Riders asked—Mustang listened. Now solo riders can be lower without compromising long-distance comfort. The LowDown™ solo's 13" wide bucket is shaped and angled for optimal touring posture on the go, but it also drops you from stock position on most models and is cut narrow at the front, so you can plant your feet firmly on the ground at a stop. Pair it with a Mustang passenger seat if you want company, or run it solo to go it alone. Both the 13.5" and the 11" passenger seats extend forward for additional rider back support. Solos come with our mini fender bib #78064 for a complete custom look and include our 78032 slotted mounting nuts.

Note: Will not fit 2008 models. This seat will not lower you on Low models. Will not fit with handrail.

STANDARD TOURING 8

Solo features a nose narrower than stock so the rider can plant his or her feet on the ground. The deeply contoured 15" wide solo gives good lower back support. Mustang's 13.5" wide matching passenger seat features internal steel support wings for long distance passenger comfort. Both the 13.5" and 11" passenger seats extend forward for additional rider back support. Mustang's solo also matches the stock passenger seat or Mustang's fender bibs, page 59. Solo comes complete with chrome hardware (78032) and our mini fender bib (78064).

Note: Will not fit with handrail.

LOWDOWN™ TOURING 7

The rider's bucket is shaped and angled for optimal touring posture on the go, but it also drops you from stock position on most models, and is cut narrow at the front, so you can plant your feet firmly on the ground at a stop. The 16.5" wide front bucket and the 14" wide rear seat are available plain or with studs (either chrome or chrome with black pearl centers). Seat will fit with a handrail. Will not work with H-D® or Mustang Driver Backrest kits.

Note: Receiver for Mustang Driver Backrest is built into the seat; Mustang's driver backrest pad and post can be purchased later if desired. This seat will not lower you on Low models.

STANDARD TOURING WITH HEAT 8

The one-piece touring design provides a 17" wide front bucket for the rider and a 14" wide seat for the passenger. The seat is available plain or with studs (either chrome or chrome with black pearl centers). The baseplate is open in the middle to accept a stock H-D® or Mustang Driver backrest kit (page 58) and passenger backrest options (pages 56) are sold separately, and do not contain heating elements. Seat will fit with a handrail. The seat is constructed on extra-rugged, marine-grade fiberglass baseplate. All heated seats come complete with a wire harness that hooks to the accessory port in front of the battery. This part is energized only when the ignition key is turned on and the accessory toggle switch below the handlebars is flipped up.

Note: Installation on '14-'18 FL Touring requires use of H-D adapter 69200722 or 69201599, depending on the year. If the accessory port is already in use, install H-D adapter 70264-94A or 70270-04, depending on the year, to add additional ports.

SUPER TOURING DELUXE 10

The front seat sets the rider back 1.75" compared to the stock seat plus it angles the body for long-distance comfort. The rear seat provides support across its full width and keeps the passenger firmly in the comfort zone. Styled after state-of-the-art automotive interior designs, the seat features exquisite stitching detail. The best choice for trikes due to convenient front bucket drain hole for rainy days. Driver backrest 79012 sold separately.

Note: The receiver for the optional, removable driver backrest is built into the baseplate. (This seat will not work with Mustang or H-D® frame-mounted backrest kits.) Seat will fit with handrail. All seating position notes are compared to the standard Electra Glide touring position. If your seat is a reduced-reach, extended-reach or low seat, these comparisons may not apply.

MAX PROFILE

SUPER TOURING DELUXE WITH HEAT 10

Get the most comfort and style out of your 2008-up FL Touring, Tri Glide® Ultra Classic or Street Glide Trike with our Deluxe Touring seat. The 19" wide front seat sets the rider back 1.75" compared to the stock seat plus it angles the body for long-distance comfort. The 14" wide rear seat provides support across its full width and keeps the passenger firmly in the comfort zone. Styled after state-of-the-art automotive interior designs, the seat features exquisite stitching detail. Passenger backrest options are sold separately (page 36) and do not contain heating elements. The best choice for trikes due to convenient front bucket drain hole for rainy days. Driver Backrest 79012 is sold separately and does not contain heating element.

Note: The receiver for the optional, removable driver backrest is built into the baseplate. (This seat will not work with Mustang or H-D® frame-mounted backrest kits.) Installation on '14-'18 FL Touring requires use of H-D adapter 69200722 or 69201599, depending on the year. If the accessory port is already in use, install H-D adapter 70264-94A or 70270-04, depending on the year, to add additional ports. Note: Seat will fit with handrail. All seating position notes are compared to the standard Electra Glide touring position. If your seat is a reduced-reach, extended-reach or low seat, these comparisons may not apply.

DELUXE

- 79007 Black, One-Piece with Heat, Front Width: 19", Rear Width: 14"
- 79012 Black, Driver Backrest Only, '08-'13 Models

Features

All heated seats come complete with a wire harness that connects to the accessory port in front of the battery. This part is energized only when the ignition key is turned on and the accessory toggle switch below the handlebars is flipped up.

- Dual zone high/low settings for Driver and Passenger right on the side of the seat
- Illuminated switches
- Does not require any OE controllers or switches to function

SUPER TOURING SUMMIT 10

Both you and your passenger will experience the peak of comfort with the Summit Super Touring Seat, designed specifically for Harley-Davidson Rushmore models. The one-piece "Super" comfortable touring design with extra wide passenger seat provides riders with the fullest, most comfortable seat possible. The 19" wide Super front bucket sits the driver 1.75" further back than the stock seat. The passenger seat is a full 16" wide and fits perfectly with the Rushmore speakers and Tour-Pak. Seat will fit with a handrail. Will not work with H-D® or Mustang driver backrest kits. Receiver for the optional driver backrest is built into the seat.

Note: Specifically designed to fit all '14-'18 Rushmore models due to its wider passenger seat, but will also fit any '08-'18 FLHR, FLHX and FLTR models without a Tour-Pak or saddlebags. Vinyl cover has a deeper gloss-black color compared to other Mustang FL Touring seats. Seat will fit with handrail. All seating position notes are compared to the standard Electra Glide touring position. If your seat is a reduced-reach, extended-reach or low seat, these comparisons may not apply.

SUPER TOURING SUMMIT WITH HEAT 10 1

Crank up the heat on cool days for unbeatable long-haul comfort. The 19" wide Super front bucket sits the driver 1.75" further back than the stock seat. The passenger seat is a full 16" wide and fits perfectly with the Rushmore speakers and Tour-Pak. Will not work with H-D® or Mustang driver backrest kits. Receiver for the optional driver backrest is built into the seat. Driver backrest (page 38) and passenger backrest options (below) are sold separately, and do not contain heating elements.

Note: Specifically designed to fit all '14-'18 Rushmore models due to its wider passenger seat, but will also fit any '08-'18 FLHR, FLHX and FLTR models without a Tour-Pak or saddlebags. Vinyl cover has a deeper gloss-black color compared to other Mustang FL Touring seats. Installation on '14-'18 FL Touring requires use of H-D adapter 69200722 or 69201599, depending on the year. If the accessory port is already in use, install H-D adapter 70264-94A or 70270-04, depending on the year, to add additional ports. Seat will fit with handrail. All seating position notes are compared to the standard Electra Glide touring position. If your seat is a reduced-reach, extended-reach or low seat, these comparisons may not apply.

FENDER BIBS

FL TOURING '97-'18

* Images show design only - actual product may differ in size and mounting

REVERE FENDER BIBS

Revolutionary styling offered in a variety of designs and stitch colors to complement the custom look of our Revere Seats collection. Handmade and contoured to hug the fender utilizing stock seat mounts for installation. Intended for use with a solo seat, they are perfect for preventing or covering existing scratches with their soft, felt-lined backside that protects the paint.

WIDE TOURING WITH HEAT 9 1

The one-piece touring design provides the rider and passenger with the fullest, most comfortable seat possible. The seat is narrower at the nose than stock so that the rider can plant his feet on the ground, and is available plain or with studs. The baseplate is open in the middle to accept a Mustang or stock H-D® driver backrest kit. Seat will fit with a handrail. The seat is constructed on extra-rugged, triple-layered fiberglass. Driver backrest kit (page 86) and passenger backrest options (pages 84-85) are sold separately, and do not contain heating elements.

ORIGINAL

76653 Black, One-Piece with Heat, Front Width: 18", Rear Width: 15"

CHROME STUDED

76652 Black, One-Piece with Heat, Front Width: 18", Rear Width: 15"

Features

All heated seats come complete with a wire harness that connects to the accessory port in front of the battery. This part is energized only when the ignition key is turned on and the accessory toggle switch below the handlebars is flipped up.

- Dual zone high/low settings for Driver and Passenger right on the side of the seat
- Illuminated switches
- Does not require any OE controllers or switches to function

TANK BIBS

TANK BIBS

Contoured to hug the tank and felt-backed to protect the paint, Tank Bibs feature braided edges for unique style and utilize stock mounts for easy installation. Available with or without a pouch in your choice of plain or studs and a concho. Decorative studs are chrome-plated brass, not steel, and will never rust. Conchos are custom made from heavy die-cast zinc rather than thin stamping, and are hand-tied with genuine leather straps. Pouch Tank Bibs offer a custom look with sensible convenience and feature a soft, fabric-lined interior. The flap is easy to open and closes tightly via hook and loop.

FENDER & TANK BIBS

FENDER BIBS

Mustang Fender Bibs are handmade and contoured to hug the fender utilizing stock seat mounts for installation. Designed for use with a solo seat, they are perfect for preventing damage or covering existing scratches with their soft, felt-lined backside that protects the paint. All bibs are trimmed with vinyl braid, except 78165 which is trimmed with piping matching the Mustang touring solo.

MODEL	ORIGINAL	STUDED
Softail '84-'06 (without stud plate)	78025 -	78026 -
Softail FLSTS, FLSTN, FLSTC, FLSTSC '00-'17 (with stud plate)	78112 -	78113 -
Softail FXST '06-'10 & FLSTF '07-'17 (200mm Tire) Note: Fits ONLY with Mustang Solo Seat	78117 -	78118 -

Softail Deuce	78062 -	--
Softail Breakout	78165 -	--

MINI FENDER BIBS

The perfect bib for showing the rear fender but hiding the stock solo washers. Fits the following models that have a stud plate: Softail Heritage Springer, Deluxe, Springer and Heritage Classic.

ORIGINAL

- 78064 Black
- 78142 Brown

TANK BIBS

Contoured to hug the tank and felt-backed to protect the paint, Tank Bibs feature braided edges for unique style and utilize stock mounts for easy installation. Available with or without a pouch in your choice of plain or studs and a concho. Decorative studs are chrome-plated brass, not steel, and will never rust. Conchos are custom made from heavy die-cast zinc rather than thin stamping, and are hand-tied with genuine leather straps. Pouch Tank Bibs offer a custom look with sensible convenience and feature a soft, fabric-lined interior. The flap is easy to open and closes tightly via hook and loop.

JOURNEY STRIPE 3

The Journey Stripe is sure to attract admirers with its unique triple-stitched pattern available in a variety of thread colors. A low cut profile keeps your ride looking clean, and provides enough back support to keep you riding in comfort. A lean 7" rear width maintains a streamlined appearance while still offering enough comfort for passengers.

RUNNER VENT 2

From contrasting diamond stitching to the vinyl inlay with metal flake, the Revere Runner Vent oozes sex appeal and sets the bar for custom showbike style. This low profile and lean seat drops the rider to a comfortable cruising position. A lean 7" rear width maintains a streamlined appearance while still offering enough comfort for passengers.

REVERE FENDER BIBS

Revolutionary styling offered in a variety of designs and stitch colors to complement the custom look of our Revere Seats collection. Handmade and contoured to hug the fender utilizing stock seat mounts for installation. Intended for use with a solo seat, they are perfect for preventing or covering existing scratches with their soft, felt-lined backside that protects the paint.

TANK BIBS

Contoured to hug the tank and felt-backed to protect the paint, Tank Bibs feature braided edges for unique style and utilize stock mounts for easy installation. Available in your choice of plain or studs and a concho. Decorative studs are chrome-plated brass, not steel, and will never rust. Conchos are custom made from heavy die-cast zinc rather than thin stamping, and are hand-tied with genuine leather straps.

ONE-PIECE MID PROFILE

SPORTSTER '04-'18

FASTBACK™ 6

The Fastback™ offers a super clean, custom style, cut low for the rider with good back support. The seat is tapered in back but still offers a reasonable degree of passenger comfort.

Note: On models with a 2.1 gallon tank, there will be a gap at the nose of the seat.

ORIGINAL

76145 Black, One-Piece, Models with 2.1 & 3.3 Gal. Tanks, Front Width: 11", Rear Width: 6"

76147 Black, One-Piece, Models with 4.5 Gal. Tanks, Front Width: 11", Rear Width: 6"

THROWBACK™ 6

The Throwback™ style will make you nostalgic for fifty-cent burgers and dollar-a-gallon gasoline. Mustang used their 21st century seat-building technology to bring back this old style. This seat is handcrafted with an intricate diamond-stitched pattern and covered buttons.

Note: On models with a 2.1 or 3.3 gallon tank, there will be a gap at the nose of the seat. Will not fit with a sissy bar or rack. Passenger backrest is steel-reinforced for stability and safety.

DUKE 6

This pillow top seat features a tufted look with covered buttons.

Note: On models with a 2.1 gallon tank, there will be a gap at the nose of the seat.

CAFÉ 3

Inspired by racers of a bygone era, this café-style solo features a classic pleated design and raised tail section that keeps drivers planted in a comfortable position while offering good back support.

Note: On models with a 2.1 gallon tank, there will be a gap at the nose of the seat. Will not fit with 4.5 gallon tank.

TUCK & ROLL

76691 Black, One-Piece, '04-'06 & '10-'18 Models with 3.3 Gal. Tanks, Width: 11.5"

JOURNEY DIAMOND 3

The Revere Journey Diamond solo enhances your ride's curves while delivering custom flair with its unique double-stitched diamond pattern offered in a variety of thread colors. Cut low with plenty of lower back support to keep riders looking cool and riding in comfort.

Note: Revere Seats for '04-'07 and '10-'18 models will not fit '07-'09 models unless the ECU is relocated from the fender. We recommend using the 4.5-gallon Revere product on all '07-'09 models; on models with 3.3 gallon tanks, there will be a gap.

Sportster '04-'18	78104	78105

TANK BIBS

Contoured to hug the tank and felt-backed to protect the paint, Tank Bibs feature braided edges for unique style and utilize stock mounts for easy installation. Available with or without a pouch in your choice of plain or studs and a concho. Decorative studs are chrome-plated brass, not steel, and will never rust. Conchos are custom made from heavy die-cast zinc rather than thin stamping, and are hand-tied with genuine leather straps. Pouch Tank Bibs offer a custom look with sensible convenience and feature a soft, fabric-lined interior. The flap is easy to open and closes tightly via hook and loop.

STANDARD TOURING  

Our touring seats for the 500 and 750 Street are more than replacement seats—they are upgrades to your riding experience so you can take your H-D® from the street to the highway and beyond. The 12.5" wide driver seat sets the rider back and slightly up to better position your legs for comfortable cruising. The 9" wide passenger seat ensures that your companion will also be comfortable and happy for the long haul.

Note: Will not fit XG750R Flat Tracker or XG750A Street Rod.

ORIGINAL

SISSY BAR PADS

FOR HARLEY-DAVIDSON®

Pads will fit all Harley-Davidson® and aftermarket bars with welded insert plates or with no center insert at all. A perfect match to a new Mustang seat, all pads have carpeted backs, chrome brackets and screws. All pads feature two chrome straps but only 9" tall pads (shown) have a threaded center hole for blind mounting plus the optional top bracket.

Note: These pads are covered in embossed vinyl matching most of our touring seats. These pads do not fit FL Touring uprights. For best fit with Mustang seats, standard-height or higher uprights are recommended. Low and Mini uprights are not recommended.

ORIGINAL PADS

STUDDED & CONCHOED PADS

See page 184 for plain black pads matching Tripper™ seats.

SETBACK SISSY BAR PADS

FOR HARLEY-DAVIDSON®

The unique Setback sissy bar pad gives the passenger more room with the same appearance and the same thickness as a standard sissy bar pad as well as the same back support and comfort. The Setback pad is recessed to lock right around the medallion style sissy bar. No lower bracket is required. It secures with one center screw. Setback design gives 1" more room for the passenger with same back support and comfort as a standard pad.

Note: These pads do not fit FL Touring uprights. For best fit with Mustang seats, standard-height or higher uprights are recommended. Low and Mini uprights are not recommended.

FLHR & FXR SOLO MOUNTING BOLTS

These chrome seat bolts replace the stock bolts that mount the front of the passenger seat in place. This system allows for quick removal of passenger seats.

78027 5/16"-24 thread to install passenger seats on FXR & '94 Road King

78028 5/16"-18 Thread, to install Passenger Seats on Road King 1995-'98 & 1997-'98 FLHT & FLTR

BOLT & SPOOL WASHER

For mounting passenger seats with Mustang solos on Sportster, Softail Wide Tire, Blackline & Slim, and Dyna

78146 1/4"-20 x 1" Bolt and Spool Washer

SOFTAIL SOLO BOLTS & LOCKING WASHERS

All '00-'06 Softail solos are shipped complete with chrome side bolts. Bolts will fit all '84-'07 models.

78033 Softail 1/2"-13 x 3/4" Solo Bolts

SLOTTED SOLO NUTS

Installs Passenger Seats on '99-'18 Road King and Softail models with a fender stud plate.

78032 Solo Mounting Nuts

QUARTER TURN™ THUMB SCREW

Chrome-plated, one-piece steel screw features a raised diamond knurl edge plus accepts a flat bladed screwdriver (or a quarter) to easily keep seat secure. Thread sizes to fit all H-D® applications. The screw is 1/8" longer for easier seat installation with saddlebags and luggage racks. Includes nylon washer but not a quarter!

78044 1/4"-28, thru '95

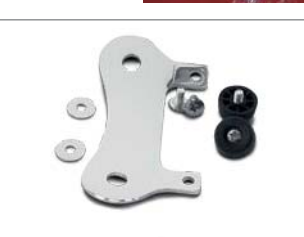

78043 1/4"-20, '96-'16

SOFTAIL STUD PLATE MOUNTING KIT

Includes chrome solo mounting bracket and two screw-on rubber bumpers. Included with Mustang solos for 2000-2015 standard-tire Softails with a fender stud plate. This kit will also convert Mustang solos for 2000-2006 standard-tire Softails from frame-mounting to fender-mounting.

78127 Stud Plate Mounting Kit

SOFTAIL REAR BRACKETS

78037 Passenger Seat Bracket with Washer
(Use if stock bracket is missing from '00-'06 Softail.)

78116 Softail Replacement Passenger Seat Bracket with screw
Rear mount is 1/2" farther back than 78037 (Bracket is supplied with all one-piece seats)

FL OPTIONAL PASSENGER SEAT BRACKET

FL seats mount to stock H-D® handrails. If the handrail is removed, this fender bracket is needed in its place on '65-'96 models.

78007 Passenger Seat Bracket

FL OPTIONAL PASSENGER SEAT BRACKET

If fender has a plastic plug rather than a nut insert, remove plug and use nut kit to mount solo or passenger seat.

78084 1/4"-20, Fender/Seat Nut Kit

HARDWARE & ACCESSORIES

CROSS BRACKET FOR '09-UP FL KIT

Converts Mustang FL '97-'08 driver backrest kits to fit '09-'18 FL models. Attaches to base with 1/4"-20 x 3/4" bolt (not included).

75030 Cross Bracket for '09-up FL Kit

OFFSET DRIVER BACKREST TONGUE

Replaces the standard driver backrest post in all Mustang solo seats that have the built-in driver backrest unit. It has all the features of our standard driver backrest but allows the driver to lean back 2" further. Not recommended for seats on which the driver backrest is built into the passenger seat or for FL driver backrest kits.

75099 Offset Driver Backrest Tongue

ONE-PIECE SEAT NOSE BRACKET - H-D® FXR

Steel bracket for rear mounting holes on the gas tank of FXR models when converting from hinged two-piece seats to a one-piece seat.

75080 One-Piece Seat Nose Bracket - H-D® FXR

REPLACEMENT SIDE MOUNTING BRACKETS

FOR '84-'06 SOFTAIL

Includes two side brackets and two 1/4"-20 x 3/4" bolts for mounting. Included with all Softail standard-tire solos '84-'06 which mount to the frame.

78034 Replacement Side Mounting Brackets

EXPANSION BOLTS FOR MOUNTING SOLOS ON '65-'84 FX/FL

Included with FX/FL Big Twin solos for mounting to cross frame rail.

78074 Replacement Side Mounting Brackets

REPLACEMENT BRACKET/SCREWS FOR '97-'18 FL BAR PADS

Included with all Mustang sissy bar pads for FL Touring '97-up.

78121 Replacement Bracket/Screws for '97-'18 FL Bar Pads

REPLACEMENT HARDWARE FOR MEDALLION BAR PADS

Two brackets and four 1/4"-20 screws. Included with Mustang sissy bar pads (except recessed) which mount to the standard Medallion bar.

78008 Hardware for Medallion Bar Pads

SPECIALTY SEAT SCREWS

Dress up your rear seat mount with this custom-designed screw. Machined out of 303 stainless steel for great looks and durability. Threaded at 1/4"-20 x 1/2" to fit modern H-D® fender nuts. Tighten by hand or with a 5/32" Allen wrench.

PROTECTALL™ CLEANS, POLISHES, WAXES & TREATS

ProtectAll™ is a do-it-all cleaner that leaves no oily film. The water repellent carnauba wax formula provides durable protection against all elements. Spray, wipe, and polish dry for a durable, lasting shine. To keep seats clean and the stitching water repellent, Mustang recommends the occasional use of ProtectAll™ or a similar carnauba wax. All Mustang seats are treated with ProtectAll™ before shipping.

STANDARD TOURING 8 

Add to your Spyder's comfort and character with Mustang's touring seat for the RT models. The detailed gunmetal stitching and carbon-fiber vinyl accents enhance the Spyder's striking design while retaining all the positive features of the stock seat. Our marine-grade baseplate and proprietary foam are carefully contoured to support both rider and passenger in the optimal cruising angle for all-day riding. Complete the custom look and enhance your comfort with matching driver and passenger backrests.

TRIPPER FASTBACK™ 5

Keep the retro look but advance to 21st century riding comfort! Mustang's seat for the 2015-up Ducati Scrambler positions your body for the best posture while keeping you back from the tank and seated firmly "into" the motorcycle. The classic tuck-and-roll stitching and detailed seam lines accentuate the classic 1970's look while Mustang's baseplate design and proprietary foam provide modern, state-of-the-art comfort.

Note: On Scrambler models equipped with the optional alarm kit, the tool pouch will not mount to the Mustang seat.

TUCK & ROLL

75027 Black, One-Piece, Front Width: 9.5", Rear Width: 8"

JOURNEY DIAMOND 3

Keep your Scrambler's styling on point with a distinctive diamond-stitched cover and contoured fit that forms to the frame for a sleek, sexy look. Low cut with a raised tail section that offers lower back support and keeps the driver firmly planted in an aggressive riding posture "in" the motorcycle rather than on it.

Note: On Scrambler models equipped with the optional alarm kit, the tool pouch will not mount to the Mustang seat.

TOURING FASTBACK™ 8

Compared to the original seat, Mustang's all new Touring Fastback™ is better by design. The front seat sits the driver about 1" lower than stock for maximum control of the bike while stopped. The driver is also positioned further back "into the bike" with a full 8" rise for all-day back support. The passenger seat is contoured to take pressure off one's thighs. The Touring Fastback™ seat is designed to work with or without the stock passenger backrest.

ORIGINAL

76840 Black, One-Piece, Front Width: 17", Rear Width: 14"

TUCK & ROLL

76841 Black, One-Piece, Front Width: 17", Rear Width: 14"

STANDARD TOURING **8** 
WITH HEAT FOR MODELS WITH OEM HEAT

The 18" wide driver seat is 1" lower than stock and also sits the driver back 1". The nose of the seat is narrower than stock so the driver can easily plant his or her feet on the ground. The passenger seat is a full 18.5" wide with a bucketed shape to eliminate sliding forward.

Note: Seat will install using direct plug and play on models with OEM heated seats.

ORIGINAL

- 79902 Black, One-Piece, '06-'11 Models,
Front Width: 18", Rear Width: 18.5"
- 79909 Black, One-Piece, '12-'17 Models,
Front Width: 18", Rear Width: 18.5"

STANDARD TOURING **8** 
WITH HEAT FOR MODELS WITHOUT OEM HEAT

The driver seat is 1" lower than stock and also sits the driver back 1". The nose of the seat is narrower than stock so the driver can easily plant his or her feet on the ground. The passenger seat is a bucketed shape to eliminate sliding forward. Comes complete with wire harness that connects directly to the motorcycle's fuse box.

Note: Seat 79907 and backrest 79908 (pg 198) are designed to work with each other and no other Mustang or stock seats or backrests. When using the seat without the passenger backrest, the rear seat heater will not work properly but the front seat heater will function normally.

ORIGINAL

- 79907 Black, One-Piece, '01-'11 Models,
Front Width: 18", Rear Width: 18.5"

STANDARD TOURING **8** 

The 18" wide driver seat is 1" lower than stock and also sits the driver back 1". The nose of the seat is narrower than stock so the driver can easily plant his or her feet on the ground. The passenger seat is a full 18.5" wide with a bucketed shape to eliminate sliding forward.

ORIGINAL

- 79900 Black, One-Piece, '01-'11 Models,

TANK BIBS

Contoured to hug the tank and felt-backed to protect the paint, Tank Bibs feature braided edges for unique style and utilize stock mounts for easy installation. Available with or without a pouch in your choice of plain or studs and a concho. Decorative studs are chrome-plated brass, not steel, and will never rust. Conchos are custom made from heavy die-cast zinc rather than thin stamping, and are hand-tied with genuine leather straps. Pouch Tank Bibs offer a custom look with sensible convenience and feature a soft, fabric-lined interior. The flap is easy to open and closes tightly via hook and loop.

STANDARD TOURING WITH DRIVER BACKREST & HEAT 8

Mustang's one-piece touring seat offers significant improvements over the stock seat on Indian's luxury touring Roadmaster model. Stay warm but look cool with high/low dual heating controls for driver and passenger that are conveniently mounted onto Mustang's intricately enhanced, diamond-stitched seat cover. The driver's 15" wide seat is 3/4" lower and 7/8" further back than the stock seat so riders feel they are sitting back into the seat rather than merely on it. Includes a driver backrest for all day riding support—easily removable, fully adjustable, folds for storage and quickly installs into the receiver which is built into Mustang's seat.

DIAMOND STITCHED

- 79664 Black, One-Piece with Driver Backrest,
Front Width: 15", Rear Width: 15"
- 79665 Distressed Brown, One-Piece with Driver Backrest,
Front Width: 15", Rear Width: 15"

PASSENGER ARMREST SIDE PANELS

Complete your custom look and your passenger's comfort with matching armrests that feature added cushioned comfort. Available in black or distressed brown.

DIAMOND STITCHED

- 76024 Black, Passenger Armrest Side Panels

Contoured to hug the tank and felt-backed to protect the paint, Tank Bibs feature braided edges for unique style and utilize stock mounts for easy installation. Available with or without a pouch in your choice of plain or studs and a concho. Decorative studs are chrome-plated brass, not steel, and will never rust. Conchos are custom made from heavy die-cast zinc rather than thin stamping, and are hand-tied with genuine leather straps. Pouch Tank Bibs offer a custom look with sensible convenience and feature a soft, fabric-lined interior. The flap is easy to open and closes tightly via hook and loop.

*Clean lines,
uncompromised comfort!*

DAYTRIPPER™ 5

Complementing the Thunderbird's lines, Mustang has incorporated its advanced comfort technology into this custom seat. Now you can ride low and look cool yet still be comfortable. The detailed stitch work makes the DayTripper™ almost as much of a stunner as the Thunderbird itself.

ORIGINAL

76837 Black, One-Piece, Front Width: 12", Rear Width: 7"

TRIPPER FASTBACK™ 5

Combining two of Mustang's most popular seat styles, the Tripper Fastback™ gives the Thunderbird a sleek custom look without compromising comfort or back support. Although designed for a low, solo ride, these seats also offer a reasonable degree of passenger comfort in a pinch. The traditional tuck & roll treatment is a tribute to Triumph's classic styling cues.

VISION '08-'17

STANDARD TOURING WITH DRIVER BACKREST & HEAT 8

Mustang's one-piece touring seat features a wide bucket radius for both the front and rear seating areas, as well as a slightly lower seating position for both. Not only does Mustang's more comfortable design let the driver sit back into the 17.5" wide seat but the front nose area has been designed to eliminate that "crowded" feeling. The lower nose area also helps ensure that one's boots more securely reach the ground. The built-in driver backrest is fully adjustable, easily removable and offers more features than any other backrest on the market. The passenger is fully supported in a 15.5" wide bucket that is contoured for comfort.

Note: Will not fit with the Vision Street Trunk Panel installed in place of the trunk. The switches on this seat are NOT illuminated.

ORIGINAL

79723 Black, One-Piece with Driver Backrest & Heat,
Front Width: 17.5", Rear Width 15.5"

Features

- Dual zone high/low settings for Driver and Passenger right on the side of the seat
- Does not require any OE controllers or switches to function

MASTER SEAT PANS ARE EASILY ACCESSIBLE TO ALL EMPLOYEES TO ENSURE EACH SEAT IS EXACTLY TO OUR SPECIFICATIONS.

TANK & FENDER BIBS

SEE PG 6 & 7 FOR COMFORT & REACH EXPLANATION

FOR YAMAHA

TANK BIBS

Contoured to hug the tank and felt-backed to protect the paint, Tank Bibs feature braided edges for unique style and utilize stock mounts for easy installation. Available with or without a pouch in your choice of plain or studs and a concho. Decorative studs are chrome-plated brass, not steel, and will never rust. Conchos are custom made from heavy die-cast zinc rather than thin stamping, and are hand-tied with genuine leather straps. Pouch Tank Bibs offer a custom look with sensible convenience and feature a soft, fabric-lined interior. The flap is easy to open and closes tightly via hook and loop.

FENDER BIBS

Mustang Fender Bibs are handmade and contoured to hug the fender utilizing stock seat mounts for installation. Designed for use with a solo seat, they are perfect for preventing damage or covering existing scratches with their soft, felt-lined backside that protects the paint.

SUZUKI – FENDER SOLO MOUNTING BRACKET FOR VL800 VOLUSIA, C50, M50

Included with Mustang solos for Suzuki Volusia 800, C50 and M50. Relocates mounting point for installing Mustang solo.

78122 Mounting Bracket

KAWASAKI – NOMAD PASSENGER BRACKET

Included with passenger seats for Kawasaki Vulcan 1500 Nomad and Classic fuel-injected models.

75081 Passenger Bracket

OFFSET DRIVER BACKREST TONGUE

Replaces the standard driver backrest post in all Mustang solo seats that have the built-in driver backrest unit. It has all the features of our standard driver backrest but allows the driver to lean back 2" further. Not recommended for seats on which the driver backrest is built into the passenger seat.

75099 Offset Driver Backrest Tongue

PROTECTALL™ CLEANS, POLISHES, WAXES & TREATS

ProtectAll™ is a do-it-all cleaner that leaves no oily film. The water repellent carnauba wax formula provides durable protection against all elements. Spray, wipe, and polish dry for a durable, lasting shine. To keep seats clean and the stitching water repellent, Mustang recommends the occasional use of ProtectAll™ or a similar spray carnauba wax. All Mustang seats are treated with ProtectAll™ before shipping.

H-D® MODEL REFERENCE CHART

To help select the correct product for a particular application, we've assembled this reference guide. It covers nearly every model produced in the last 30 years. (Due to limited space, some omissions have been made.) The reference guide below lists letter designations and model names for Harley-Davidson® motorcycles. It does not list the year(s) particular models were offered.

TOURING

ELECTRA GLIDES

FLHS	Electra Glide Sport
FLHT/I	Electra Glide Standard
