FITTING INSTRUCTIONS

- To fit the radiator guard to the bike cut the foam strip provided into 10mm wide pieces and stick them to the back of the radiator guard frame, so that they sit between the radiator guard and the radiator.
- It is easier to fit this product if both side fairings are removed.
- Offer the radiator guard into position as shown in the top picture and use the four cable ties to secure the top of the radiator guard as shown in pictures 1, 2, 3 and 4 (please be careful the cable ties go through the radiator frame).
- Remove the bolt arrowed in picture 5 and remove the original 'J' clip (the bolt is removed from the engine side of the radiator).
- Place the spacer between the radiator guard and the lower radiator mount.
- Place the M6 bolt with washer through the lower/larger slot in the radiator guard and the spacer.
- Secure using the Nyloc nut.
- Finally tighten all cable ties and ensure the bolt is tight.

CONSUMER NOTICE

The catalogue description and any exhibition of samples are only broad indications of the Products and R&G may make design changes which do not diminish their performance or visual appeal and supplying them in such state shall conform to the order. The Buyer acknowledges no representation or warranty (other than as to title) has been given or will apply to the Products other than those in R&G's order or confirmation and the Buyer confirms it has chosen the Products as being of merchantable quality and suitable for its particular purposes. Where R&G fits the Products or undertakes other services it shall exercise reasonable skill and care and rectify any fault free of charge unless the workmanship has been disturbed. The Buyer is responsible for ensuring that the warranty on the motorcycle is not affected by the fitting of the Products. On return of any defective Products R&G shall at its option either supply a replacement or refund the purchase money but shall not be liable if the Products have been modified or used or maintained otherwise than in accordance with R&G's or manufacturer's instructions and good engineering practice or if the defect arises from accident or neglect.

Other than identified above and subject to R&G not limiting its liability for causing death and personal injury, it shall not be liable for indirect or consequential loss and otherwise its liability shall be limited to the amounts paid by the Buyer for the Products or the fitting or service concerned. These terms do not affect the Buyer's statutory rights.
