

FITTING INSTRUCTIONS FOR SBP0005 SPINDLE BLANKING PLATES
DUCATI DIAVEL, MONSTER1200 14- & PANIGALE 1199 2011-
MULTISTRADA 1200

THIS KIT CONTAINS THE ITEMS PICTURED AND LABELLED BELOW.
DO NOT PROCEED UNTIL YOU ARE SURE ALL PARTS ARE PRESENT.

Please note that the way the kit is packed does not necessarily represent the way of mounting to the bike

Please note that in cases where kits are packed with a plastic tube separating components on the spindle bar (this tube should be discarded).

THE PARTS SHOWN MAY BE REPRESENTATIVE ONLY (FOR CLARITY OF INSTRUCTIONS ONLY)

TOOLS REQUIRED

- Socket set to include 2x 13mm sockets and wrenches

FITTING INSTRUCTIONS

- Locate the right hand side mounting block (larger diameter hole - M0361) over the wheel locking nut and spring clip on the right side of the rear spindle.
- Fit one nut and washer on spindle-bar (SB002) (the end with shorter thread), engage the nut so the plastic insert of nut is fully engaged.
- Feed spindle-bar with nut and washer through the crash bobbin (B0484) and through the remaining mounting block (M0451), as shown in the above picture. *The crash bobbin should sit in the recess on the mounting block.*
- Place this assembly through the rear wheel spindle from the left hand side, ensuring the metal mounting block fits over the locking nut and spring clip on the end of the rear wheel spindle. *The boss on the inside of the mounting block should locate inside the rear wheel spindle.*
- With the assembly in position, the spindle bar should protrude out of the right side of the rear wheel spindle. Place the spindle cap over the exposed end of the spindle bar, and locate the boss on the back of the spindle cap through the mounting block and into the rear wheel spindle.
- Fit washer and nut from kit onto thread and tighten until both nuts are engaged in nylon and equal amounts protrude from either side (please ensure the logo is located at the top of the crash protector). Do not overtighten – the nyloc nuts will hold it tight.

CONSUMER NOTICE

The catalogue description and any exhibition of samples are only broad indications of the Products and R&G may make design changes which do not diminish their performance or visual appeal and supplying them in such state shall conform to the order. The Buyer acknowledges no representation or warranty (other than as to title) has been given or will apply to the Products other than those in R&G's order or confirmation and the Buyer confirms it has chosen the Products as being of merchantable quality and suitable for its particular purposes. Where R&G fits the Products or undertakes other services it shall exercise reasonable skill and care and rectify any fault free of charge unless the workmanship has been disturbed. The Buyer is responsible for ensuring that the warranty on the motorcycle is not affected by the fitting of the Products. On return of any defective Products R&G shall at its option either supply a replacement or refund the purchase money but shall not be liable if the Products have been modified or used or maintained otherwise than in accordance with R&G's or manufacturer's instructions and good engineering practice or if the defect arises from accident or neglect. Other than identified above and subject to R&G not limiting its liability for causing death and personal injury, it shall not be liable for indirect or consequential loss and otherwise its liability shall be limited to the amounts paid by the Buyer for the Products or the fitting or service concerned. These terms do not affect the Buyer's statutory rights.
