

**FITTING INSTRUCTIONS FOR TRIUMPH TIGER 1050 '07  
REAR SPINDLE SLIDERS (CODE "SS0019BK")**

**Please note that the way the kit is packed does not necessarily represent the way of mounting to the bike**

- Attach one of the nuts and one of the washers to one end of the supplied spindle bar
- Then slide the longer protector along the bar, so that it is up behind the washer, with the nut and washer sunk inside the protector
- Push the spindle bar through the rear wheel spindle hollow, working from brake disc side towards chain side
- Place smaller protector over the exposed end of the bar and over the wheel nut
- Slide the remaining washer onto the bar and then, using your wrench, attach the remaining nut to the end of the bar
- Place appropriate sockets/wrenches over both ends of the bar and tighten so that equal amounts of bar are seen at each end
- Tighten until the assembly locks up. Do not overtighten – the nyloc nuts will hold it tight.

**CONSUMER NOTICE**

The catalogue description and any exhibition of samples are only broad indications of the Products and R&G may make design changes which do not diminish their performance or visual appeal and supplying them in such state shall conform to the order. The Buyer acknowledges no representation or warranty (other than as to title) has been given or will apply to the Products other than those in R&G's order or confirmation and the Buyer confirms it has chosen the Products as being of merchantable quality and suitable for its particular purposes. Where R&G fits the Products or undertakes other services it shall exercise reasonable skill and care and rectify any fault free of charge unless the workmanship has been disturbed. The Buyer is responsible for ensuring that the warranty on the motorcycle is not affected by the fitting of the Products. On return of any defective Products R&G shall at its option either supply a replacement or refund the purchase money but shall not be liable if the Products have been modified or used or maintained otherwise than in accordance with R&G's or manufacturer's instructions and good engineering practice or if the defect arises from accident or neglect. Other than identified above and subject to R&G not limiting its liability for causing death and personal injury, it shall not be liable for indirect or consequential loss and otherwise its liability shall be limited to the amounts paid by the Buyer for the Products or the fitting or service concerned. These terms do not affect the Buyer's statutory rights.
