FITTING INSTRUCTIONS

- To fit the radiator guard to the bike cut the foam strip provided into 10mm wide pieces and stick them to the back of the radiator guard frame, so that they sit between the radiator guard and the radiator.
- Remove the two top radiator mounting bolts in position shown in picture 1.
- Remove the lower radiator mounting bolt from the left-hand side (as you sit on bike) in position shown in picture 2.
- Fit the radiator guard and secure using original bolts.
