

Trailer Hitch Mounting Kit for use with Parade Flag Holder Part # HWK010

1. Slide the supplied foam rubber rings onto each rod. Push on the receiver bracket until you can see $\frac{1}{2}$ of the small safety pin holes, remove the bracket. Flip the holder over so the face of the flag mounting bracket is on a soft cloth. Use 1 drop of super glue on the edge closest to the flag mounting bracket under each of the pieces of foam rubber pieces.
2. Install supplied chrome receiver bracket onto hitch tongue and tighten securely. Note: Receiver bracket can be installed on top or bottom of hitch tongue.
3. Insert assembled flag bar rods into receiver bracket. Note: You may have to loosen the flag bar rods to help align the assembly to the bracket. (Tighten when done.)
4. Insert and lock safety pins into bars.

Additional flag holder sockets #PF920 can be purchased separately.
We also offer Collapsible Flag Poles #PFPOLE and 3 x 5' American Flags #PFFLAG
