

SRC-System™

The SRC-System™ fits into the **Metropolitan 1** in an elegant and functional manner. The SRC-System™ is simply latched into the ready-made notches and can be used immediately. From phone calls to bike-to-bike discussions through to navigation and listening to music: all the options of this high-end communication system are available straight away.

Plug & play

All the components, such as the invisible microphone, loudspeakers, antennae and cabling, are already pre-installed.
