Larger Mount for an Even Stronger Hold

MagicMount Pro XL Surface is here! This mount is specifically designed for tablets and other larger devices. This mount has larger more powerful magnets to safely secure your tablet to your vehicle's dash kitchen appliances walls and more. They come with a large and small MagicPlate™ for iPad Air iPad Pro Galaxy Tab and other brand tablets and more. It's the best tablet mounts for all large devices and a part of the multi-award-winning MagicMount system of magnetic mounts. The #1 Mount Brand in the U.S.

100% Device Safe Powerful Rare Earth Magnets

These powerful earth magnets hold your device securely in place and are 100% safe for Smartphones Tablets GPS and other mobile devices*. How strong are they? Strong enough that we trust them holding a smartphone while taking a ride on the open road.*Does not work with iPod Classic or other hard drive devices. The strong magnetic fields produced by these Neodymium magnets is enough to damage hard drive devices.

MAGICPLATE™ Placement Options

MAGICPLATE™, non-magnetic, adhesive-backed, metal plates, are an integral component of the MagicMount™ Magnetic Mount System for mobile devices. Just apply the Scosche replacement plates as shown to the right and you are ready to use any one of the many MagicMount products available in this growing family of magnetic mounts. MagicPlates come in a variety of sizes and shapes depending upon which MagicMount you buy and replacement kits are also available.

There are several ways to apply the Scosche replacement plates to your device.

- Directly to the back of the case
- Directly to the mobile device
- Between the device and case - either with or with out using the adhesive

INSTRUCTIONS FOR APPLYING THE MAGICPLATE THAT CAME WITH YOUR **MAGICMOUNT™**

Wireless Charging Devices

It is important to mount the MagicPlate in the proper location to avoid interfering with wireless charging functionality. We have created a MagicPlate Template Guide to assist wireless phone users who plan to use their device with our MagicMount Charge products or other Scosche wireless chargers.

** The MagicMount is not recommend with use of a wallet case.*

Protect your device when directly applying MagicPlate to your device

MagicMounts come with a protective plastic film sticker in the box. This film should ALWAYS be used when you are applying the MagicPlate directly to your mobile device using the adhesive based MagicPlate. Doing this will aid in the ease of removal of the MagicPlate should you wish to do that in the future. We have created a short video to show you how to properly apply the plastic film followed by the MagicPlate.
