

FREEWIRE

WIRELESS BLUETOOTH® MOTORCYCLE ADAPTER

The FreeWire allows you wirelessly connect your Harley-Davidson or Honda Gold Wing entertainment system to your Bluetooth headset.

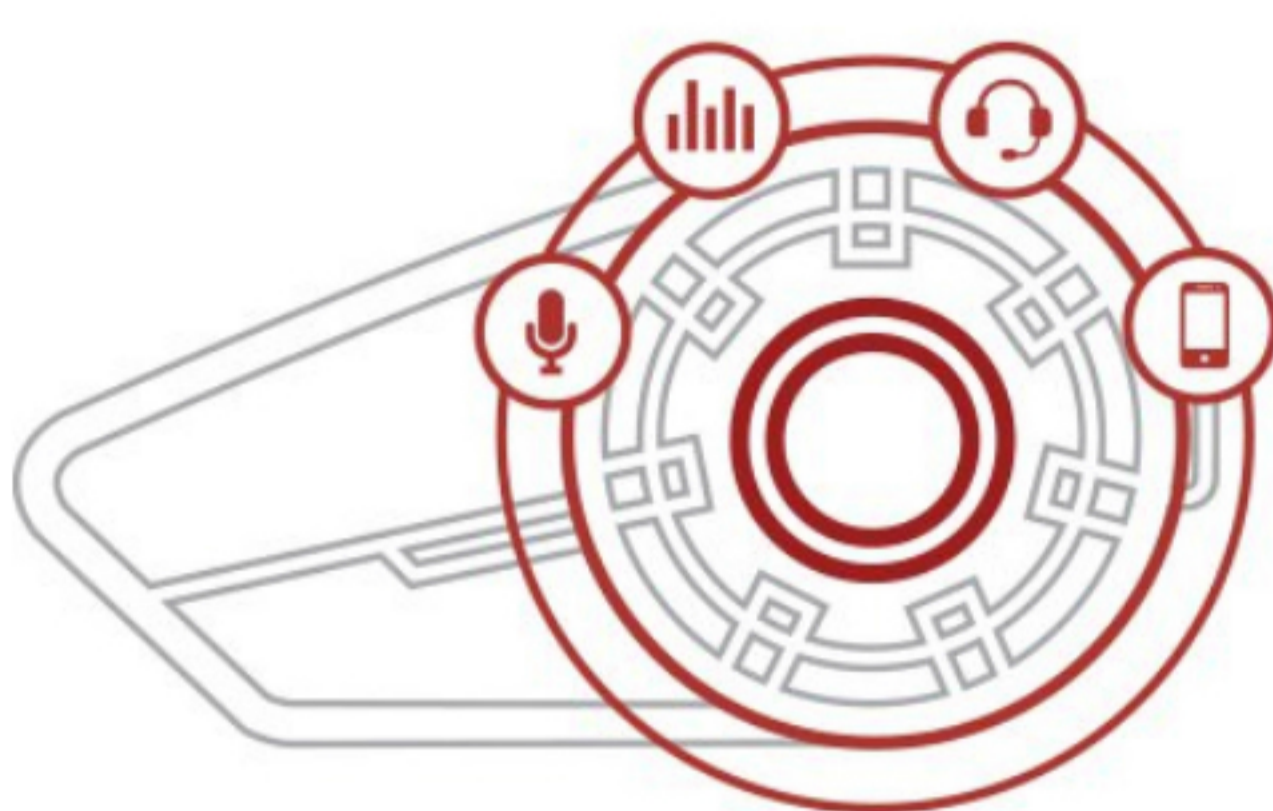

FREEDOM FROM THE CORD

ENJOY YOUR BIKE'S INFOTAINMENT SYSTEM WIRELESSLY

REMOVE ALL RESTRAINTS FROM YOUR RIDE

Hear your bike the way it was meant to be heard: Wirelessly

The FreeWire is both a Harley Bluetooth adapter and a Honda® Bluetooth adapter allowing for wireless connectivity to the bike's infotainment systems. Wirelessly communicate via CB radio, hear turn-by-turn directions from the GPS system, rock out to your favorite radio stations and so much more all through your Bluetooth headset. Use an additional FreeWire for your passenger to talk over the motorcycle's internal intercom system – All with the wireless freedom you've been longing for.

ENHANCE YOUR EXPERIENCE WITH SENA

Listen to your bike through the 20S and take advantage of even more incredible audio capabilities from Sena

Thanks to the FreeWire, the Bluetooth adapter for Harley-Davidson® and Honda® Gold Wing® motorcycles, you can wirelessly connect to your infotainment system while also being able to utilize the various capabilities of the Sena 20S, 10U, 10C, 10R, 10S and Cavalry Bluetooth headset.

APPLY ALL OF YOUR ACCESSORIES WITH EASE

Use the AUX import to hear additional inputs alongside your bike

The FreeWire motorcycle Bluetooth adapter also has a 3.5mm AUX port which allows you to directly plug in additional accessories such as a GPS device, radar detector, non-Bluetooth MP3 player and more – allowing you to hear them alongside the motorcycle's infotainment system through your Bluetooth headset speakers.

STAY CHARGED AND SECURE

Easily accessible mounting and charging accessories make your ride worry free

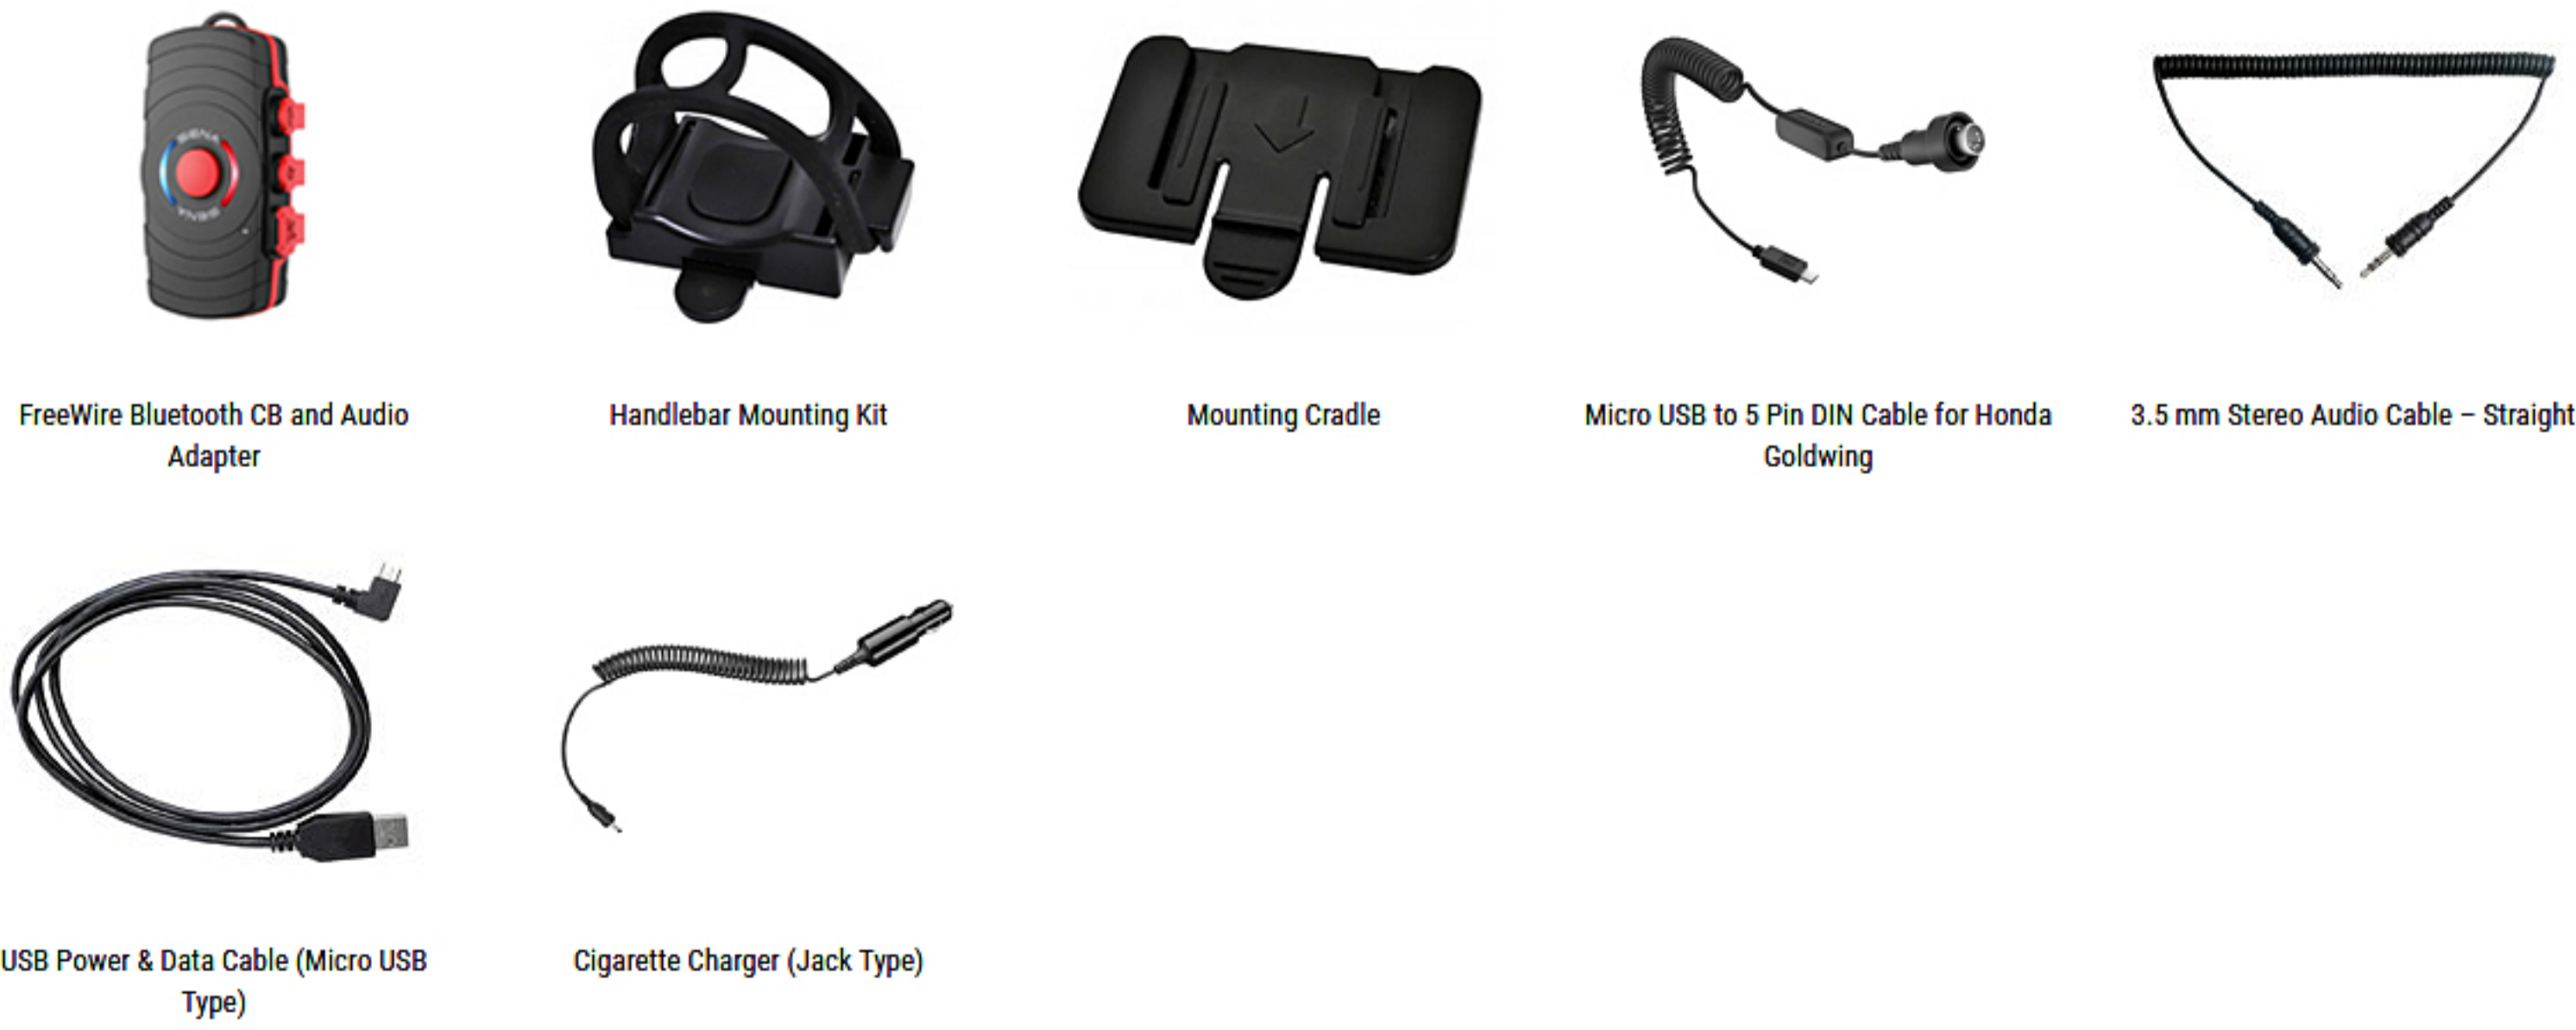

The FreeWire comes with two different mounting accessories, a handlebar mounting kit as well as a mounting cradle for on the bike itself, to conveniently secure the device during your ride. The unit automatically powers on/off with your motorcycle's engine for maximum convenience, and for longer rides you can easily charge your FreeWire while using it with the included cigarette charger or Sena Powerbank. FreeWire is the Harley-Davidson® Bluetooth adapter that will eliminate the hassle of corded connection the bike's CB radio and infotainment system.
