

# **BIG BIKE PARTS®** INSTALLATION INSTRUCTIONS

PART NO. 52-789

FRONT SPEAKER ACCENTS  
HONDA GL1800 2006-

1. Place left side front speaker grille up to the left side front speaker cover to get a feel for how the part is oriented.
2. Using a mild solvent, such as rubbing alcohol, applied with a clean, lint-free rag clean the left side front speaker cover.
3. There is only one chance to install; otherwise the tape may not properly adhere. Make another final fit check. Once you feel comfortable as to how the part will fit remove the protective backing and apply to the left side front speaker cover. Apply slow, even pressure with a clean dry rag and push firmly in place.
4. Repeat steps 1-3 for the right side.
5. The adhesive should be allowed to set for 72 hours before exposure to rain or washing.
