

A3 for ATV, Watercraft and Snowmobiles

The flangeless A3's deep pattern sheds water and mud, and the dual layer design dampens out vibration for riders using thumb throttles. The closed end keeps water and mud out.

Colors

A3's are available in Black, Grey, Blue, Red and Yellow.

Traction Gel

Spider A3 grips feature Traction Gel – a specially formulated compound that sheds mud and water so that it stays tacky even when wet making it easier to hold on. This gives better control and less rider fatigue. Just like a competition tire, Traction Gel breaks in and continues to offer top performance throughout the life of the grip.

Flangeless Pattern

The flangeless A3's taller pattern sheds water and mud.

Dampens Out Vibration

The dual layer design dampens out vibration for riders using thumb throttles.

Colors

A3's are available in Black, Grey, Blue, Red and Yellow.

Super Tough Closed End

The super tough closed end keeps water and mud out.

Remember; always check your controls to be sure they are free and correct before every ride, and to seek a professional's advice on any modification to your machine.
