

MOUNTING

Designed to mount over 1" ramp cross bars on solid, double and tri-fold loading ramps.

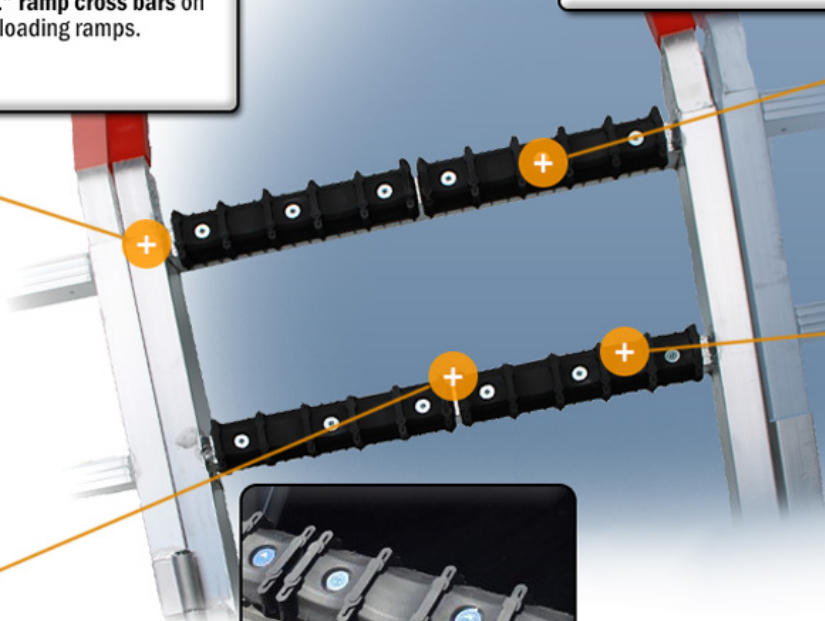

DON'T SLIP!

The Ramp CrossBar Protector adds traction, not only to your ATV, but also for you in wet or freezing conditions, keeping you safe!

PERFECT FOR ATVs/UTVs

The 7.5" long pieces can be used for ATV/UTV traction when placed on the outer cross bars.

PROTECT YOUR RAMP

2 pieces together helps prevent stud damage to loading ramps from snowmobile tracks while adding additional traction.

YOUR SLED GLIDES!

YOUR ATV GRIPS!
