

**MULTI-PURPOSE FUNCTIONALITY**  
Designed for use with both your snowmobile and ATV. Allows sled skis to glide with ease while still providing traction for your ATV tires! No more ripping up the plywood on your trailer!

**AN INDUSTRY'S FIRST (THINKING OF YOUR SAFETY)**  
Specially designed traction knobs incorporated in the design of the Superglide II Pro provides improved traction for your feet so you don't slip!

**CUSTOM DESIGNED SHOULDER SCREWS**  
Super-Glides come with custom designed shoulder screws. In addition, the oval mounting channels allow for expansion and contraction to prevent warping.

**IMPROVED MOISTURE MINIMIZING VENTING**  
Prevents premature wood rot due to trapped in moisture.

**A FULL 8.5" WIDE**  
Accommodates all sled/ATV widths and types (single and dual runner skis). Each kit contains 8-30" pieces = 20' total length. Plus 48 custom designed shoulder screws and mounting instructions.

**OVAL MOUNTING CHANNELS**  
Prevents warping by allowing for expansion and contraction that results from varying temperatures.

**EDGE RAIL TRIM (ERT)**  
Use the optional edge rail trim to secure your Superglides on ramps or decks, leaving you an encapsulated finished edge.

**PATENTED TECHNOLOGY SUPERGLIDES II PRO**  
The sled and ATV glide with traction!

**PATENTED TECHNOLOGY SUPERGLIDES WIDE**  
The WIDER sled and ATV glide with traction!

**OPTIONAL: EDGE RAIL TRIM (ERT)**

**OVAL MOUNTING CHANNELS**  
Prevents warping by allowing for expansion and contraction that results from varying temperatures.

**A FULL 13.5" WIDE**  
A full 5" wider than our standard Superglides II Pros. Each kit contains 8-30" pieces = 20' total length. Plus 48 custom designed shoulder screws and mounting instructions.

Dimensions: 30" / 75 cm, 8 1/2" / 21 cm, 13 1/2" / 34 cm

Superclamp puts everything within reach.
