

Cruiser Half Cover

For Immediate Release – Industry leading UltraGard® introduces their Cruiser Half Covers. UltraGard® is known for high quality, stylish and feature rich covers and these new half covers are no exception. The Cruiser Half Covers are designed with reinforced tension panels to eliminate stress at the tie down points and utilize a quick release buckle strap to ensure the perfect fit on most cruisers. UltraGard's® weather resistant polyurethane coated polyester protects against water, dirt, and pollution. Integrated windshield pocket allows for varied cruiser setups and fitments, while SoftTek material protects the windshield from scratches. UltraGard® delivers a high quality low cost, feature rich half cover that fits cruisers better, resists fading and has less billowing in windy conditions.

Part Number – 4-456BK & 4-456G
