

Ultragard Half Cover For Spyder RT

Rice Lake, WI – In reviewing its fitments, Ultragard® improved its half cover offering by designing an all new custom fitted half cover just for the Can-Am Spyder RT's. This new cover is designed specifically for the Spyder RT/RTS/RT LTD to provide the best fit and finish available.

- Made from custom dyed water resistant polyurethane coated polyester, providing excellent protection against weather, dirt and pollution.
- Durable folded interlocking seams provide the best durability and weather resistance.
- SoftTek™ windshield liner to protect your windshield.
- Sewn in elastic hem with 4 elastic straps with hooks to help secure from blowing wind.
- Convenient compact draw string storage pouch.
- High visibility reflective logo to help your covered ride be seen in dark parking lots.
- Left and right antenna access points with hook and loop sealing.
