TOOLS REQUIRED

Wrenches: 12mm, 13 mm

Sockets: 12mm

Allen Wrench: 4mm, 6mm

STOCK SYSTEM REMOVAL

- 1. Remove the two cylinder exhaust port nuts from head pipe, located at the cylinder head.
- 2. Remove the exhaust chassis mount bolt.
- 3. Remove the muffler mount bolt.
- 4. Remove the complete exhaust system and set aside (assistance may be required).
- 5. Remove the rubber grommet from stock muffler mount.
- 6. Check the condition of exhaust gaskets and replace if worn or damaged.

VANCE & HINES SYSTEM INSTALLATION

- 1. Install header using supplied M8 nuts (A170HW). Do not fully tighten at this time.
- 2. Slip midpipe (H674RB) onto header (H173FB). Align the spring clips.
- 3. Attach bracket (1175) to muffler (H675RB-S) with the two M6 screws (A544HW). Fully tighten bracket to muffler. Be sure to align mounting bracket with muffler tent bracket.
- **4**. Slip muffler (H675RB-S) onto midpipe (H674RB).
- 5. Attach muffler with bracket (1175) to muffler mount (Figure 1).
 - a. Insert bracket spacers (A712ST) in-between the bracket and muffler mount.
 - **b.** Insert M8 socket head screw (A452HW) into M8 socket head cover (A713ST).
 - c. Install muffler assembly using washer (A616HW) and one M8 nut (A170HW).
 - **d.** Do not fully tighten at this time.
- 6. Tighten cylinder exhaust port nuts evenly.
- 7. Tighten muffler mounting screw.
- 8. Attach exhaust springs (A115SP) using supplied spring puller.

VANCE & HINES SYSTEM INSTALLATION

- 1. When installing new stainless steel make sure your hands are clean and free of oil. After installation, thoroughly clean pipes and mufflers with a soft cloth and cleaning solvent that will leave no residue (acetone, glass cleaner, alcohol,etc...) before starting the motorcycle.
- 2. It is considered normal for stainless steel exhaust systems to discolor due to heat.
- 3. High performance engine tuning utilizing a dyno will likely result in severe discoloration.
- **4.** Avoid long periods of idling as this can cause discoloration. Intake leaks can cause the engine to run lean and overheat, this could lead to discoloration.
